MOHS COLLEGE 40TH ANNUAL MEETING

The logo for the American College of Mohs Surgery (ACMS) features the letters 'ACMS' in a serif font. The 'M' is white and set within a dark blue circle, while the other letters are dark blue.A blue graphic logo for the 40th Mohs College Annual Meeting. It features a stylized white outline of the state of British Columbia. The text '40th Mohs College Annual Meeting' is written in white inside the outline.

Welcome

Dear ACMS Members and Colleagues,

On behalf of the ACMS Board of Directors, I cordially invite you to the 40th Annual Meeting of the American College of Mohs Surgery from May 1-4, 2008 in Vancouver, British Columbia.

The program content promises to capture the attention of practicing Mohs surgeons as well as fellows-in-training and dermatology residents. I believe you will find the sessions enriching and rewarding. Attendees can earn up to a total of 25 CME credits. In addition to the excellent program, our exhibit hall will be replete with products and information valuable to your practice. Please take time to visit the exhibits.

Once again, Saturday afternoon will be unscheduled and available for you and your family or friends to enjoy Vancouver. Nestled in the natural beauty of the Canadian Rocky Mountains and the northwest Pacific Coast, Vancouver is both an urban and recreational wonderland. Those of you who have been to Vancouver will recognize the picturesque setting in photos throughout this program. If you haven't been there, I strongly urge you to take this opportunity to attend our premier educational event while enjoying the wide range of cultural and recreational opportunities that Vancouver has to offer.

My sincere gratitude and appreciation goes to Scientific Program Committee Chair Dr. Sumaira Aasi for the enormous amount of time and effort she has put into assembling a well-rounded and exceptional program. I also thank the members of the Scientific Program Committee Drs. Ken K. Lee, Leonard Dzubow, Duane Whitaker, and Glenn Goldman, for their contributions in planning this year's program.

Please be aware that a valid passport will be needed to enter Canada from the USA, so be sure to renew your expired passports or file for a new one as soon as possible (see page 11 for more information). I hope to see you in Vancouver at what I believe will be an outstanding educational and recreational event.

Sincerely,

A handwritten signature in black ink that reads "David G. Brodland". The signature is fluid and cursive.

David G. Brodland, MD
President

Welcome

Dear Colleagues,

It gives me great pleasure to present to you the educational opportunities for the 2008 ACMS Annual Meeting in Vancouver, BC, Canada. The program focuses on relevant topics to enhance your practice skills in cutaneous oncology, Mohs micrographic surgery, and reconstruction.

Special thanks to the Scientific Program Committee members: Drs. David Brodland, Leonard Dzubow, Ken Lee, Duane Whitaker, and Ex-Officio Member, Glenn Goldman, for their valuable advice and dedication in bringing quality sessions to the program.

We are fortunate to have several guest speakers who will share their expertise in the challenges of tumor oncology and reconstruction: Dr. Gary Clayman, Professor and Director of Head and Neck Cancer Program at the University of Texas M.D. Anderson Cancer Center; Dr. Gary Burget, internationally renowned pioneer of nasal reconstruction, Dr. Upendra Parvathaneni, assistant professor of radiation oncology at the University of Washington, and Dr. Paul Nghiem, an expert on Merkel cell carcinoma and an associate professor of dermatology at the Fred Hutchinson Cancer Research Center.

In addition to our knowledgeable guest speakers, we added new topics for the mini-morning sessions, a “Cutaneous Oncology Update” session, and included the ever thought-provoking session on ethical dilemmas. Program favorites, such as “Tumor Board” and “Mohs Slide Quality,” again feature prominently in the scientific program – many of which will include audience-polling. We also added a new twist to the popular “Undesirable Results” session. For fellows and young physicians interested in starting a practice, two young associates will offer an afternoon seminar filled with practical advice.

Finally, I would like to thank the ACMS staff for their tireless behind-the-scenes effort in helping me bring this program together. We invite you to attend this exciting and educational program in vibrant Vancouver. I look forward to seeing you there!

Sincerely,

A handwritten signature in black ink that reads "S. Z. Aasi".

Sumaira Z. Aasi, MD
Chair
Scientific Program Committee

Program-at-a-glance

Wednesday, April 30

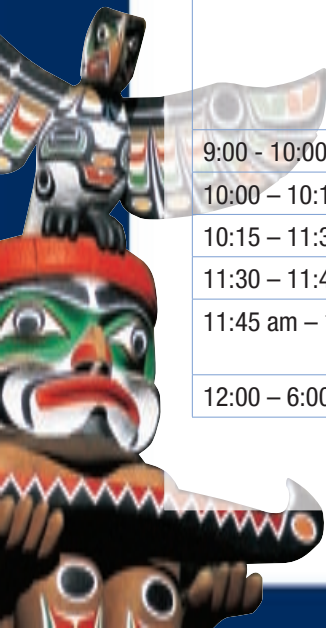

3:00 – 6:00 pm	Exhibit and Poster Set-up
3:30 – 6:30 pm	Registration and AV Preview

Thursday, May 1

6:30 am - 5:00 pm	Registration and AV Preview
7:00 am – 5:00 pm	Slide Library and Diagnostic Quality Control Self-Examination
7:15 - 8:45 am	Concurrent Morning Mini-Sessions: <i>MB100 Establishing a Mohs Histopathology Laboratory</i> <i>MB101 The Bilobed and Dorsal Nasal Flaps: Suggestions for Improving Flap Designs and Executions</i> <i>MB102 Merkel Cell Carcinoma</i> <i>MB103 Coding for the Mohs Surgeon</i> <i>MB104 Incorporating Cosmetics into a Mohs Practice</i>
9:00 – 9:30 am	<i>MG110 Opening General Session</i>
9:30 – 10:15 am	Scientific Session: <i>MG111 Tromovitch Award Abstracts</i>
10:15 – 10:30 am	Break
10:30 – 11:15 am	Scientific Session: <i>MG112 Cutaneous Oncology Updates</i>
11:15 – 12:15 pm	Scientific Session: <i>MG113 How Would You Reconstruct It?</i>
12:00 – 6:45 pm	Exhibit Hall Open
12:15 – 1:30 pm	Lunch provided in Exhibit Hall; visit the Exhibit Hall and Posters
1:30 – 2:30 pm	Scientific Session: <i>MG114 The Large Challenge of Small Defects</i>
2:30 – 3:30 pm	Scientific Session: <i>MG115 Ethical Dilemmas in Mohs Surgery</i>
3:30 – 4:00 pm	Break: visit the Exhibit Hall and Posters
4:00 – 5:25 pm	Scientific Session: <i>MG116 Mohs Surgery Abstract Session</i>
5:30 – 7:00 pm	Welcome Reception in Exhibit Hall

Friday, May 2

6:30 am - 5:00 pm	Registration and AV Preview
7:00 am - 5:00 pm	Slide Library and Diagnostic Quality Control Self-Examination
7:15 - 8:45 am	Concurrent Morning Mini-Sessions: <i>MB200 Perioral Reconstruction</i> <i>MB201 Management of Head and Neck Masses: The Otolaryngologist's Perspective</i> <i>MB202 Periorbital Reconstruction: Simple to Complex</i> <i>MB203 Tumor Recurrence Following Mohs Surgery: How Does It Happen?</i> <i>MB204 Fillers for the Mohs Surgeon: Reinforcing Basics, Refining Techniques</i>
9:00 - 10:00 am	Scientific Session: <i>MG210 Scar Revision</i>
10:00 – 10:15 am	Break
10:15 – 11:30 am	Scientific Session: <i>MG211 Coding Conundrums</i>
11:30 – 11:45 am	Break
11:45 am – 1:30 pm	ACMS Annual Business Meeting and Lunch Non-members and guests lunch on own; visit the Exhibit Hall
12:00 – 6:00 pm	Exhibit Hall open

Program-at-a-glance

Friday, May 2 continued

1:30 – 2:30 pm	Scientific Session: <i>MG212 Management of Aggressive Cutaneous Squamous Cell Carcinoma</i>
2:30 – 3:00 pm	Break; visit the Exhibit Hall
3:00 – 4:00 pm	Scientific Session: <i>MG213 Afternoon at the Movies</i>
4:00 – 5:00 pm	Scientific Session: <i>MG214 Tumor Oncology and Research Abstract Session</i>
5:00 – 6:00 pm	Visit the Exhibit Hall: Beverages and snacks provided

Saturday, May 3

7:00 am - 2:00 pm	Registration and AV Preview
7:00 am – 2:00 pm	Slide Library and Diagnostic Quality Control Self-Examination
7:15 - 8:45 am	Concurrent Morning Mini-Sessions: <i>MB300 Nasal Reconstruction: Classic and Unconventional</i> <i>MB301 CPC: Unusual Cutaneous Tumors</i> <i>MB302 Nail Surgery: Beyond the Basics</i> <i>MB303 Radiation Therapy for Cutaneous Malignancies</i> <i>MB304 The Office: From Setting Up to Maximizing Efficiency</i>
9:00 - 10:00 am	Concurrent Scientific Sessions: <i>MC310 Tumor Board</i> <i>MC311 Morning at the Movies: Cosmetic Surgery</i>
10:00 – 10:15 am	Break
10:15 – 11:00 am	Scientific Session: <i>MG312 Mohs Slide Quality and Interesting Cases</i>
11:00 am – 12:00 pm	Scientific Session: <i>MG313 The Undesirable Result in Reconstructive Surgery</i>
12:00 – 1:00 pm	Scientific Session: <i>MG314 Laboratory Techniques, Pathology and Unusual Tumors, and Reconstruction Abstract Session</i>
12:00 – 3:00 pm	Exhibit Hall open; last time to visit the Exhibits and Posters
1:00 – 2:30 pm	ASDS/WDS Networking Luncheon
3:00 – 7:00 pm	Exhibit and Poster tear-down
5:00 – 6:00 pm	Concurrent Sessions: <i>Establishing a Mohs Practice: Pearls for Residents and Fellows</i> <i>Fellowship Training Directors' Session</i>
6:00 – 7:30 pm	Fellow-in-Training Reception

Sunday, May 4

7:00 – 10:00 am	Registration and AV Preview
7:15 – 8:45 am	Concurrent Morning Mini-Sessions: <i>MB400 Management of Organ Transplant Patients</i> <i>MB401 Lasers for the Mohs Surgeon</i> <i>MB402 The Role of Imaging in the Management of Non-Melanoma Skin Cancer</i>
9:00 – 9:50 am	Diagnostic Quality Control Exam Review
9:50 – 10:00 am	Break
10:00 am – 12:00 pm	Scientific Session: <i>MG410 Cosmetic Symposium</i>
12:00 pm	Meeting adjourns

Registration Information

Early-Bird Registration and Drawing

Receive \$50.00 off your registration fee by registering early. To receive the discount, your registration must be received by the Executive Office by March 28, 2008.

The first 25 registrations received at the College office will be entered into a drawing for a complimentary registration. The drawing is open to ACMS Associates, Fellows and Fellows-in-Training only. The drawing will take place in mid-to-late February. The winner will be notified by March 1.

Registration Confirmation Letters

Registrants will receive confirmation letters approximately two to three weeks after their registration form and payment is received at the ACMS Executive Office. **Please bring your confirmation letter with you to the meeting to help facilitate your registration process.**

Note: Pre-registration forms will not be accepted at the College office after April 18, 2008. Registrants wishing to register after that date must register on-site.

Fee Schedule	Early Registration: On or before March 28	Regular Registration: After March 28	On-Site Registration
ACMS Life Members	FREE	FREE	Must pre-register
ACMS Fellows or Associates Members	\$500.00	\$550.00	\$550.00
Current Fellows-in-Training or Dermatology Residents	\$125.00	\$175.00	\$175.00
<i>Physicians must be currently participating in an approved residency or fellowship training program in Dermatology, Procedural Dermatology or Mohs Surgery. Physicians in a residency or fellowship training program must submit a letter of verification indicating the type of program in which they are enrolled from the program chair or fellowship training director with their registration form.</i>			
Non-Member Physicians	\$1,150.00	\$1,200.00	\$1,200.00
<i>A letter of sponsorship from a member of the Mohs College must accompany all non-member registration forms.</i>			
Mohs Surgical Assistants	\$250.00	\$300.00	\$300.00
<i>Surgical Assistants employed by a member of the ACMS may register and attend any and all scientific sessions, except for the Morning Mini-Sessions. Surgical Assistants must submit a letter of verification from their physician with their registration form.</i>			
Guests	\$200.00	\$250.00	\$250.00
<i>This registration is available to guests of a physician who is registered for the meeting. It includes admittance to the exhibit hall as well as the welcome reception. Guest registration does not permit admittance to any of the scientific sessions.</i>			
Morning Mini-Sessions (Breakfast Sessions)			\$50.00 each
<i>All ACMS members, current Fellows-in-Training, and Residents who are registered for the meeting may sign up to attend a Morning Mini-Session. Pre-registration for these sessions is strongly encouraged as the number of seats is limited. Morning Mini-Sessions are open only to physicians. Registrants will not receive tickets for the Morning Mini-Sessions, but will be sent confirmation of their selected courses. Each session will have a room monitor who will check name badges against the list of registered participants.</i>			
Diagnostic Quality Control Exam			\$50.00
<i>Access to the Diagnostic Quality Control Exam is \$50.00 for ACMS Members and Non-members, and free to Fellows-in-Training. Registration is required to enter the exam. Only ACMS members who register for the exam and submit an answer sheet on-site will receive a certificate. Certificates are mailed approximately 4-6 weeks after the meeting. Category I CME credit will not be offered for the Diagnostic Quality Control Exam.</i>			

Cancellations and Refunds

Registration fees, minus a \$75 administration fee, will be refunded upon written notice of cancellation if the request is received at the ACMS office no later than March 28, 2008. **Email: Info@mohscollege.org or Fax: 414-276-2146.** Refunds will not be given after that date except in cases of extreme personal or family emergency. In the case of such emergencies, a written

request to refund the registration fee, plus documentation or verification of such emergency, must be submitted to the ACMS Executive Office. Online registration available to members at: www.mohscollege.org/annualmeeting

Please note: We regret that partial refunds cannot be made for sessions not attended, including Morning Mini-Sessions.

General information

Verification of Attendance

Registrants will receive a two-part CME letter of accreditation/claim form from the University of Vermont on-site. The second (yellow) page of the form should be submitted to the ACMS on-site or via mail/fax within two weeks of the meeting for proper documentation of attendance. The first (white) page of the form should be kept by all meeting attendees as verification of meeting attendance. Attendees will not receive letters of attendance or certificates of attendance post-meeting.

CME Credit

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Vermont and the American College of Mohs Surgery. The University of Vermont is accredited by the ACCME to provide continuing medical education for physicians.

The University of Vermont designates this educational activity for a maximum of 25 AMA PRA Category 1 Credits™. **Physicians should only claim credit commensurate with the extent of their participation in the activity.**

The American College of Mohs Surgery (ACMS) Annual Meeting is recognized by the American Academy of Dermatology for 25 hours of AAD Category 1 CME credit and may be used toward the American Academy of Dermatology's Continuing Medical Education Award. The program number is 197-100.

Attendees enrolled in the AAD CME Transcript Award Program must bring their green card. Green cards will not be available at the meeting.

Attendees may either submit their green card at the meeting (for subsequent forwarding to the AAD) or may submit it directly to the AAD. Please make a copy of your completed green card before sending it to the AAD. Green cards submitted at the meeting will be forwarded to the AAD by the ACMS.

Physician Assistant Credit

The American Academy of Physician Assistants accepts AMA PRA Category 1 Credit(s)™ from organizations accredited by the ACCME. Physician Assistants attending the annual meeting can submit certificates or transcripts showing how many physician CME credits were offered for an activity to the American Association of Physician Assistants and get them "converted" to PA CME credit.**

** Doctors earn AMA PRA Category 1 Credits from CME activities. The AAPA also grants and counts Category 1 CME credits, but those are specifically for PA's and have to come from a provider accredited by the AAPA. Both groups label their credits Category 1 CME, but the labels, though they read the same, refer to different evaluations.

Disclosure of Faculty Financial Affiliations

The University of Vermont, as an ACCME accredited provider, endorses and strives to comply with the Accreditation Council for Continuing Medical Education (ACCME) Standards of Commercial Support on the need for disclosure and monitoring of proprietary and financial interests that may affect the scientific integrity and balance of content delivered in continuing medical education activities under our auspices. The University of Vermont College of Medicine requires that all CME activities accredited through this institution be developed independently and be scientifically rigorous, balanced and objective in the presentation/discussion of its content, theories and practices. Disclosure of faculty and commercial relationships will be made known at the annual meeting.

General information

Disclosure of Discussion of Non-FDA Approved Uses for Pharmaceutical Products and/or Medical Devices

The University of Vermont College of Medicine, as an ACCME provider, requires that all faculty presenters identify and disclose any off-label uses for pharmaceutical and medical device products. The University of Vermont College of Medicine recommends that each physician fully review all the available data on new products or procedures prior to instituting them with patients.

Disclaimer

The views expressed and the techniques presented by the speakers of the ACMS-sponsored educational meetings are not necessarily shared or endorsed by the organization. Speakers are required to disclose all relevant conflicts of interest and any

unapproved or off-label uses of medical devices or pharmaceutical agents that they discuss, describe or demonstrate during their presentations.

Meeting attendees should use their independent judgment in applying the information discussed in these educational sessions in the treatment of patients. Handout materials are prepared and submitted for distribution by the presenters, who are solely responsible for their content.

Learning Objectives

Upon completion of the Annual Meeting, participants will be able to describe the latest advances in the treatment of skin cancer, discuss recent research findings in the area of Mohs Micrographic Surgery and cutaneous oncology, and explain new techniques in reconstruction that promote optimal surgical outcomes.

The specific objectives include, but are not limited to:

- Describe various research projects being pursued within the areas of Mohs surgery, cutaneous oncology, and reconstruction.
- Describe the correct way to bill for Mohs surgery, reconstruction and other dermatologic surgery procedures in real clinical situations.
- Discuss the principals and limitations of MR, CT and US as applied to non-melanoma skin cancer.
- Discuss various ways to reconstruct specific surgical defects for optimal cosmetic and functional results.
- Gain knowledge of the different laser and non-laser devices available on the market and understand how to use lasers in your practice as an adjunct to Mohs surgery.

American Society for Mohs Histotechnology Annual Meeting

You are invited to send your histotechnicians to the ASMH 14th Annual Meeting to be held May 2-3, 2008 at the Hyatt Regency Vancouver. For more information, contact the ASMH office by phone at 414-347-1103, via e-mail at joliva@execinc.com or visit the ASMH Web site at www.mohscollege.org/asmh.

Hotel and Travel Information

The 2008 ACMS Annual Meeting will be held at the

Hyatt Regency Vancouver

655 Burrard Street
Vancouver, British Columbia, Canada
V6C 2R7
+1-604-683-1234
www.vancouver.hyatt.com

Traveling to Canada

A valid U.S. passport is required to enter and leave Canada. Passport processing times have increased due to high volume. Expect a minimum of 10 weeks to receive your passport / renewal. For more information on obtaining a passport, visit http://travel.state.gov/passport/passport_1738.html

Airport Information

The following airport is near the Hyatt Regency:
Vancouver International Airport (YVR)

Hotel Reservations

The ACMS has secured the following reduced group room rate package:

- \$239 /CAD per night – Single/Double Occupancy
- \$289/ CAD per night – Triple Occupancy
- \$314/ CAD per night – Quadruple Occupancy
- \$329/ CAD per night – Regency Club
- For information on discounts for Suite reservations, please contact the ACMS office at 414-347-1103 or info@mohscollege.org.

This group rate is available three (3) days before and three (3) days after the main meeting dates, based on room availability.

To receive this discounted rate you must identify yourself as participants of the ACMS Annual Meeting.

Hotel rates are subject to the appropriate provincial, local and any occupancy taxes in effect at the time of the ACMS meeting. These taxes are currently ten percent (10%) Provincial Rooms Tax and six percent (6%) Goods & Services Tax per room night occupied. The G.S.T. portion is refundable to non-Canadian residents as defined under the current legislation and upon receipt of the required documentation. **Make your reservations early. These reduced, special group rates will be available only through Thursday, April 3, 2008. Reservation requests after the cut-off date will be based on availability at the group rate.**

Other charges:

- Valet parking \$35/CAD per day
- Self parking \$28/CAD per day

Reservations may be made either by phone or online.

By phone: Hyatt Regency at (604) 683-1234 or by calling Central Reservations at 1-888-421-1442. In either case, refer to the group and meeting name.

Online: Go to the ACMS reservation page for update information and a link to the Hyatt: <http://www.mohscollege.org/annualmeeting>
Hotel check-in time is 4:00 pm and check-out time is 12:00 pm.

Airport Shuttle Information

YVR Airporter (www.yvrairporter.com, 1-800-668-3141). Departs from both the domestic and international terminals on a regular basis and will drop off directly at the Hyatt Regency Vancouver. Tickets may be purchased at the hotel, airport or on the bus. Cost is \$13.00 CAD one way, \$20.00 CAD roundtrip per adult, \$6.00 CAD one way, \$12.00 CAD round trip for children. Senior and family discounts are available.

Limojet Gold Express (www.limojetgold.com, 1-800-278-8742), provides exclusive town car service which comfortably seats 1-3 passengers with plenty of leg room and trunk space. Sedan rate between YVR airport & downtown Vancouver is \$39+GST CAD, per vehicle, one way (gratuities are not included).

Taxis are available at the airport 24 hours a day, including wheelchair accessible vans. Taxi queue areas are located at both the domestic and international arrivals terminals. Approximate cost to the Hyatt: \$30.00 CAD.

Special Note to the Physically Challenged

The ACMS wishes to take steps to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently than other individuals because of auxiliary aids and services. If you need an auxiliary aid or service identified in the Americans with Disabilities Act, or any assistance in registering for this meeting, please contact the ACMS Executive Office by phone at 414-347-1103, by email at info@mohscollege.org, or by mail at 555 East Wells Street, Suite 1100, Milwaukee, WI 53202.

Vancouver Attractions

Stanley Park

Filling 1,000 acres in the heart of the city, Stanley Park is filled with plenty of activities and attractions for guests of all interests. Stanley Park is the largest city-owned park in Canada, third largest in North America, and has been ranked by The Project for Public Spaces as the sixteenth best park in the world, and sixth best in North America. www.city.vancouver.bc.ca/parks/parks/stanley

Fraserview Golf Course

Considered to be the best public Vancouver golf course, and located in the heart of the city. It features a one-and-a-half acre pond, a large stream opening and a creek crossing. www.fraserviewgolf.ca

UBC Botanical Garden & Nitobe Japanese Garden

Serious plant lovers will love the University of British Columbia. The prime attraction on campus, besides the fabulous Museum of Anthropology, is the 28-hectare (69-acre) **UBC Botanical Garden**, home to over 10,000 species of trees, shrubs, and flowers grouped into a B.C. Native garden, a physic (or medicinal) garden, a food garden, and several others. There's also an excellent plant and seed store. Give yourself at least an hour if you want to explore this garden. Nearby is the **Nitobe Memorial Garden**, an exquisitely beautiful traditional Japanese garden considered among the top five Japanese gardens in North America and one of the most authentic Tea and Stroll Gardens outside of Japan.

www.ubcbotanicalgarden.org

Vancouver Art Gallery

The largest art gallery in Western Canada, the Vancouver Art Gallery features more than 7,900 works in its collection, ranging from historical masters to today's artists. Internationally recognized for its collection of works by Emily Carr, as well as one of the most comprehensive photo-based collection in North America.

www.vanartgallery.bc.ca

Granville Island

Almost a city within a city, Granville Island has so much to offer that a day may not be enough to experience it all. Browse for crafts, pick up some fresh seafood, enjoy a great dinner, watch some Shakespeare in the park or attend the latest theater performance; rent a yacht, stroll along the waterfront, or simply run through the sprinkler on a hot summer day; it's all there and more. If you only have a short period of time, make sure you spend at least part of it in the **Granville Island Public Market**, one of the best all-around markets in the world.

www.granvilleisland.bc.ca

Vancouver Attractions

Other attractions

Pacific Centre Mall
www.pacificcentre.com

McCleery Golf Course
www.mccleerygolf.org

Vancouver Museum
www.vanmuseum.bc.ca

Vancouver offers plenty to keep you occupied while visiting. Whether you're an exercise enthusiast, a shopping buff or a relaxation fan, you'll find just the right activity for you and your family. More information on Vancouver can be found at: <http://www.tourismvancouver.com/visitors>

Austin

41ST MOHS COLLEGE ANNUAL MEETING
AUSTIN HILTON - APRIL 23 - 26, 2009

ACMS

**41ST MOHS COLLEGE
ANNUAL MEETING**

HILTON AUSTIN

APRIL 23-26, 2009 • AUSTIN, TX

Guest Speakers

Gary Burget, MD

Gary Burget, MD, is a diplomate of the American Board of Plastic Surgery, an ABMS authorized board. He was born in Toledo, Ohio, went to college and medical school at Yale University, completed a five-year residency in general surgery at the hospitals of Columbia University in New York City and the University of Miami, did a two-year plastic surgery residency at the University of Miami and a one-year Fellowship in Pediatric Plastic Surgery at Children's Memorial Hospital of Chicago. He has practiced plastic surgery in Chicago since 1978.

Dr. Burget's principal focus is reconstructive and cosmetic surgery of the face; in particular, the nose. He lectures at regional and national meetings and universities in the USA and abroad. He has written a respected textbook, "Aesthetic Reconstruction of the Nose." He continues to develop new concepts and techniques for nasal surgery. Nevertheless, his foremost objective is to create for each patient, deformed by an accident, birth defect, cancer, infection or burn, a normal or ideal appearance.

Dr. Burget is experienced in plastic surgery of the abdomen, breast reduction, breast augmentation and lift, lipoplasty, laser resurfacing, correction of ear deformities, face and neck lift and eyelid cosmetic surgery.

Dr. Burget travels to Laos twice a year to perform surgery on children with cleft lip, and palate and other deformities.

Gary L. Clayman, DMD, MD, FACS

Dr. Clayman is Director of the Head and Neck Cancer Program and the Alando J. Ballantyne Distinguished Chair of Head and Neck Surgery at the University of Texas M.D. Anderson Cancer Center.

The author of more than 170 publications, he is also a member of numerous committees including Chairman of the Head & Neck Oncology Committee for the American Academy of Otolaryngology and Head & Neck Surgery.

Dr. Clayman sits on the Executive Council of the American Head and Neck Society and the Oral Cancer Advisory Board for the National Institute of Dental and Craniofacial Research.

Educational Program

Wednesday, April 30, 2008

3:00 – 6:00 pm

Exhibitor & Poster Set-up

3:30 – 6:30 pm

Registration and AV Preview

Thursday, May 1, 2008

6:30 am – 5:00 pm

Registration and AV Preview

7:00 am – 5:00 pm

Slide Library and Diagnostic Quality Control Self-Examination

7:15 – 8:45 am

Concurrent Morning Mini-Sessions

MB100

Establishing a Mohs Histopathology Laboratory

At the conclusion of this session, participants should be able to:

- 1) Understand how to successfully establish a Mohs histopathology lab in compliance with regulatory guidelines, 2) Identify features of a well-designed lab space with appropriate equipment, 3) Explore Mohs personnel staffing options, 4) Learn troubleshooting for commonly encountered laboratory pitfalls.

Nanette Liegeois, MD, PhD; Kishwer S. Nehal, MD

MB101

The Bilobed and Dorsal Nasal Flaps: Suggestions for Improving Flap Designs and Executions

At the conclusion of this session, participants should be able to understand the geometric design principles and biomechanical nuances of two flaps that are commonly used for nasal reconstruction: the bilobed transposition and dorsal nasal rotation flaps. The appropriate use of these flaps will be discussed in depth, and the importance of modifying conventional flap designs in order to achieve reproducible operative success will be emphasized. Step-by-step instructions for appropriate use of the flaps will be provided.

Jonathan L. Cook, MD; Glenn D. Goldman, MD

MB102

Merkel Cell Carcinoma

At the conclusion of this session, participants should be able to:

- 1) Define the risk factors, incidence, clinical, pathologic, and prognostic characteristics of Merkel cell carcinoma, 2) Examine data on wide versus Mohs excision, sentinel lymph node biopsy, radiation and chemotherapy, 3) Utilize this information to guide management of representative cases.

Christopher K. Bichakjian, MD; Paul Nghiem, MD

MB103

Coding for the Mohs Surgeon

At the conclusion of this session, participants should be able to:

- 1) Code Mohs surgical procedures correctly, 2) Code associated services, including biopsies and repairs.

Brett M. Coldiron, MD; Daniel M. Siegel, MD

Thursday, May 1 (continued)

MB104

Incorporating Cosmetics into a Mohs Practice

At the conclusion of this session, participants should be able to:

- 1) Understand the shared techniques between facial reconstructive surgery and cosmetic surgery and how to transition from Mohs to cosmetic surgery, 2) Understand how to rejuvenate with facelift, blepharoplasty, neck lifting, and mandibular implants procedures, 3) Understand the importance of combining skin rejuvenation with facial cosmetic surgery.

Greg S. Morganroth, MD; Ronald L. Moy, MD

9:00 – 9:30 am

MG110

Opening General Session

At the conclusion of this session, participants should be able to:

- 1) Recite trends in research in Mohs surgery and cutaneous oncology, 2) Identify political and socioeconomic changes affecting Mohs surgery.

9:00 – 9:10 am

Opening Remarks

David G. Brodland, MD, President, American College of Mohs Surgery

9:10 – 9:20 am

American Academy of Dermatology President's update

C. William Hanke, MD

9:20 – 9:30 am

Update on Coding

Brett M. Coldiron, MD

9:30 – 10:15 am

MG111

Tromovitch Award Abstracts

At the conclusion of this session, participants should:

- 1) Become updated on recent advances in cutaneous oncology and pathology, 2) Become aware of the current state of the practice of Mohs surgery, 3) Be able to evaluate surgical outcomes and complications in Mohs surgery.

Moderators: Christopher J. Arpey, MD; David J. Leffell, MD

9:35 – 9:43 am

Mohs Surgery: How We Practice

Angela S. Casey, MD; Glenn D. Goldman, MD

9:43 – 9:51 am

Microanatomy and Clinical Outcomes of the Paramedian Forehead Flap for Reconstruction of Large Nasal Defects Reconstruction

Tracy Bramlette, MD; David G. Brodland, MD; John A. Zitelli, MD

Educational Program

Thursday, May 1 (continued)

9:51 – 9:59 am

Prospective Evaluation of Surgical Complications Including Patients on Multiple Anticoagulants Reconstruction

Jeremy S. Bordeaux, MD; Dori Goldberg, MD; Mary E. Maloney, MD; Sean Pattee, MD

9:59 – 10:07 am

Refinements in MART-1 Immunostaining Protocols to Increase the Speed of Frozen Section Preparations in Melanoma Surgery Laboratory Technique

Gregory Fulchiero, MD; R. Stan Taylor, III, MD

10:15 – 10:30 am

Break

10:30 – 11:15 am

MG112

Cutaneous Oncology Updates

At the conclusion of this session, participants should be able to: 1) Understand the evolution of the staging system for squamous cell carcinoma and Merkel cell carcinoma, 2) Appreciate the current state of investigation regrading pathogenesis and epidemiology of non-melanoma skin cancer, 3) Develop treatment algorithms for more aggressive variants of non-melanoma skin cancer.

Moderators: Nanette Liegeois, MD, PhD; John A. Carucci, MD, PhD

Panelists: Christopher K. Bichakjian, MD; Paul Nghiem, MD; Chrysalynne D. Schmults, MD; Siegrid Yu, MD

11:15 am – 12:15 pm

MG113

How Would You Reconstruct It?

At the conclusion of this session, participants should be able to: 1) Consider several reconstructive options for any surgical defect, 2) Understand the pros and cons of alternative reconstructive techniques.

Moderator: Joel Cook, MD

Panelists: Michael J. Fazio, MD; J. Ramsey Mellette, Jr., MD; Steven M. Rotter, MD; John A. Zitelli, MD

12:00 – 6:45 pm

Exhibit Hall Open

12:15 – 1:30 pm

Lunch provided in Exhibit Hall; visit the Exhibit Hall and poster presentation

1:30 – 2:30 pm

MG114

The Large Challenge of Small Defects

At the conclusion of this session, participants should be able to be grounded in the basic aesthetic concepts and artistic techniques governing reconstruction of small and superficial nasal defects.

Moderator: Leonard M. Dzubow, MD

Gary Burget, MD

Thursday, May 1 (continued)

2:30 – 3:30 pm

MG115

Ethical Dilemmas in Mohs Surgery

At the conclusion of this session, participants should be able to: 1) Identify ethical and legal issues in daily practice situations, 2) Recognize key underlying ethical and legal principles, 3) Develop strategies for resolving potential ethical and legal conflicts arising in practice.

Moderator: David J. Goldberg, MD, JD; Clifford S. Perlis, MD, MBe

Panelists: Gary Lask, MD; Christopher J. Miller, MD; Moderator: R. Stan Taylor, III, MD; Summer Youker, MD

3:30 – 4:00 pm

Break; visit the Exhibit Hall

4:00 – 5:25 pm

MG116

Mohs Surgery Abstract Session

At the conclusion of this session, participants should be able to: 1) Better understand current research in cutaneous surgery, 2) Consider methods for improving the accuracy of Mohs surgery, 3) Consider means for improving the patient experience during Mohs surgery.

Moderators: Hayes B. Gladstone, MD; Isaac M. Neuhaus, MD

4:03 – 4:11 pm

Plasma Lidocaine Levels Associated with Use of Local Anesthesia (1% Lidocaine with 1:100,000 Epinephrine) During Mohs Micrographic Surgery

Murad Alam, MD; Jillian Havey, MD; Sara Ortiz, MD; Dominic Ricci, MD; Joslyn Witherspoon, MD; Simon S. Yoo, MD

4:11 – 4:19 pm

Efficacy of Pre-Injection Measures for Relative Pain Reduction of Local Anesthesia

Otter Aspen, MD

4:19 – 4:27 pm

Staged Excision of Melanoma in Situ with En Face Rush Permanent Sections for Histologic Exam: 6 Years of Experience

Chynna Steele, MD; Mark Hurt, MD; Margaret Mann, MD; Jeffrey E. Petersen, MD; Daniel Popkin, MD; Roberta D. Sengelmann, MD

4:27 – 4:35 pm

Fluorescence Confocal Microscopy of Basal Cell Carcinomas in Mohs Excisions: Feasibility of Rapid Surgical Pathology-at-the-Bedside

Julie Karen, MD; Daniel Gareau, MD; Kishwer S. Nehal, MD; Milind Rajadhyaksha, MD

4:35 – 4:43 pm

Undiagnosed Excessive Bleeding Tendency in Mohs Surgery: A Prospective Analysis

Carl Vinciullo, MD; Ross Baker, MD

Educational Program

Thursday, May 1 (continued)

4:43 – 4:51 pm

The Utility of Porcine Biosynthetic Wound Dressings Following Mohs Surgery

Marianna Phillips, MD; Algin B. Garrett, MD

4:51 – 4:59 pm

A Randomized, Double-Blind Comparison of the Total Dose of 1.0% Lidocaine with 1:100,000 Epinephrine versus 0.5% Lidocaine with 1:200,000 Epinephrine Required for Local Anesthesia during Mohs Micrographic Surgery (MMS)

Pamela Morganroth, MD; Joel Gelfand, MD; Anokhi Jambusaria, MD; David Margolis, MD; Christopher J. Miller, MD

4:59 – 5:07 pm

A Prospective, Randomized Study of Wound Appearance Comparing Manual Pressure vs. Electrosurgery for Achieving Hemostasis During Mohs Surgery

Justin J. Vujevich, MD; Cecilia Ardila, MD; Leonard H. Goldberg, MD; Arash Kimyai-Asadi, MD; Sarah Seitz, MD

5:07 – 5:15 pm

The Value of Preoperative Biopsy Site Photography for Identifying Cutaneous Lesions

Jamie L. McGinness, MD; Glenn D. Goldstein, MD

5:15 – 5:23 pm

Mohs Micrographic Surgery Complicated by a Cerebrovascular Accident Attributed to Intra-Operative Air Emboli

Jonathan L. Cook, MD

5:30 – 7:00 pm

Welcome Reception in Exhibit Hall

6:30 am – 5:00 pm

Registration and AV Preview

7:00 – 5:00 pm

Slide Library and Diagnostic Quality Control Self-Examination

Friday, May 2, 2008

7:15 – 8:45 am

Concurrent Morning Mini-Sessions

MB200

Perioral Reconstruction

At the conclusion of this session, participants should be able to: 1) Have a systematic approach to aesthetic perioral reconstruction for the upper lip. This will be accomplished by breaking down the area into four reconstructive subunits: central lip including Cupid's bow and philtral defects, medial lip adjacent to the lateral aspect of the philtrum, lateral lip, and apical lip, 2) Understand techniques to repair "wet" and "dry" combination defects, 3) Understand standard reconstructive approaches for the lower lip and learn several "out of the box" options.

J. Ramsey Mellette, Jr., MD; Roberta D. Sengemann, MD

AMERICAN COLLEGE OF MOHS SURGERY

Friday, May 2 (continued)

MB201

Management of Head and Neck Masses: the Otolaryngologist's Perspective

At the conclusion of this session, participants should be able to: 1) Determine the role of the interdisciplinary team in the evaluation and management of patients with head and neck masses, 2) Understand the diffuse spectrum of processes that may produce a mass in the head and neck, 3) Understand the utility of fine needle aspiration cytology to the diagnosis and treatment planning of patients with head and neck masses.

Gary L. Clayman, DMD, MD, FACS

MB202

Periorbital Reconstruction: Simple to Complex

At the conclusion of this session, participants should be able to: 1) Understand the anatomy of the eyelids and periorbital region as it applies to reconstruction, 2) Develop a logical approach to repair of periorbital defects including the need for oculoplastic consultation, 3) Anticipate and address complications such as ectropion following eyelid reconstruction.

John G. Albertini, MD; Ken K. Lee, MD

MB203

Tumor Recurrence Following Mohs Surgery: How Does It Happen?

At the conclusion of this session, participants should be able to: 1) Identify inherent biological traits of a spectrum of aggressive skin cancers, and the role such characteristics play in tumor recurrence following Mohs, 2) Understand potential for technique errors in performing Mohs surgery that most readily account for tumor recurrence, 3) Recognize features and setting of pseudo-recurrence of tumor following Mohs surgery.

Barry Leshin, MD

MB204

Fillers for the Mohs Surgeon: Reinforcing Basics, Refining Techniques

At the conclusion of this session, participants should be able to: 1) List the indications for, and differences between, the most commonly used filling and volumizing agents, 2) Have a detailed understanding of the complications of soft tissue fillers and be able to manage these complications effectively, 3) Apply varying injection techniques to achieve expert results in the most commonly requested areas. The techniques will be demonstrated through the use of videos and audience interaction.

Joel Lee Cohen, MD; David M. Zloty, MD, FRCP

9:00 – 10:00 am

MG210

Scar Revision

At the conclusion of this session, participants should be able to: 1) Learn refinement techniques to optimize reconstruction, 2) Understand the benefits and limitations of various scar revision

Educational Program

Friday, May 2 (continued)

techniques, 3) Learn how to repair and ectropion, ptotic brow, bulky flap, and many more.

Moderator: Ken K. Lee, MD

Panelists: Gary Burget, MD; Sumaira Zareen Aasi, MD

10:00 – 10:15 am

Break

10:15 – 11:30 am

MG211

Coding Conundrums

At the conclusion of this session, participants should be able to: 1) Understand the new regulations regarding Mohs micrographic surgery, 2) Use case examples to code properly while receiving appropriate reimbursement, 3) Compare your own billing practices to those of other members of the ACMS.

Moderator: Glenn D. Goldman, MD

Panelists: Sumaira Z. Aasi, MD; Brett M. Coldiron, MD; Mark J. Zalla, MD

11:30 – 11:45 am

Break

11:45 am – 1:30 pm

ACMS Annual Business Meeting & Lunch (Non-members lunch on own & visit the Exhibit Hall)

12:00 – 6:00 pm

Exhibit Hall Open

1:30 – 2:30 pm

MG212

Management of Aggressive Cutaneous Squamous Cell Carcinoma

At the conclusion of this session, participants should be able to: 1) Understand the indications for lymph node examination/evaluation/dissection, 2) Understand the indications/limitations for imaging aggressive cutaneous squamous cell carcinoma, 3) Understand the role of adjuvant therapy in the management of cutaneous squamous cell carcinoma.

Gary L. Clayman, DMD, MD, FACS

2:30 – 3:00 pm

Break; visit the exhibit hall

3:00 – 4:00 pm

MG213

Afternoon at the Movies

At the conclusion of this session, participants should be able to: 1) Techniques of two fundamental repairs- the island pedicle and trilobe transposition flap, 2) Options for nasal lining and structural reconstruction, 3) Suture techniques for fixation and enhancement in rhinoplasty, 4) Approach to forehead flap complications.

Moderators: Todd E. Holmes, MD; Tri H. Nguyen, MD

Additional presenters TBA

Friday, May 2 (continued)

Visual Demonstration of How to Reconstruct the Lining and Structure of the Nose

Glenn D. Goldman, MD

Visual Demonstration of How to Divide and Inset a Paramedian Forehead Flap

Todd E. Holmes, MD

Suture Techniques in Rhinoplasty

Jeffrey Dawes, MD

The Trilobe Flap

John G. Albertini, MD

The Island Pedicle Flap Revisited

Ashish Bhatia, MD

Forehead Flap Necrosis Revision

Tri H. Nguyen, MD

4:00 – 5:00 pm

Tumor Oncology and Research Abstract Session

At the conclusion of this session, participants should be able to: 1) To better describe the behavior and incidence of non-melanoma skin cancers in transplant populations, 2) To further describe the signs and symptoms of aggressive squamous cell carcinoma, 3) To characterize tumor immunology and genetics associated with squamous cell carcinoma and dermatofibrosarcoma protuberans.

Moderators: Roberta D. Sengelmann, MD; Valencia Thomas, MD

4:04 – 4:12 pm

Dendritic Cells from SCC are Less Potent Stimulators of T Cell Proliferation than DCs from Adjacent, Patient-Matched, Site-Matched Non-Tumor Bearing Skin

John A. Carucci, MD, PhD; Mark Bluth, MD; James G. Krueger, MD; Michelle A. Lowes, MD; Lisa Zaba, MD

4:12 – 4:20 pm

Gene Expression Patterns of Normal Human Skin, Actinic Keratosis and Squamous Cell Carcinoma: A Spectrum of Disease Progression

Sheldon L. Sebastian, MD; Zeyu Jiang, MD; R. Steven Padilla, MD

4:20 – 4:28 pm

Incidence of Skin Cancer Following Cardiac Transplantation

Jerry D. Brewer, MD; Oscar Colegio, MD; Walter K. Kremers, MD; Clark C. Otley, MD; Pamela K. Phillips, MD; Randall K. Roenigk, MD; Dierkhising A. Ross, MD

4:28 – 4:36 pm

Cranial Neuropathies as a Presenting Sign of Recurrent Aggressive Skin Cancer

Joel Cook, MD

4:36 – 4:44 pm

The Infiltrate Associated with Human Cutaneous Squamous Cell Carcinoma is Characterized by CD4+CD25+Foxp3+

Educational Program

Friday, May 2 (continued)

Regulatory T Cells and CD1a+ Dendritic Cells

John A. Carucci, MD, PhD; Mark Bluth, MD; Judilyn Fuentes-Duculan, MD; Emma Guttman-Yassky, MD; Helen G. Kaporis, MD; James G. Krueger, MD; Michelle A. Lowes, MD

4:44 – 4:52 pm

Immunohistochemical Assessment of PDGF- β and PDGFR Expression in Dermatofibrosarcoma Protuberans: Implications for Therapy with Tyrosine Kinase Inhibitors

Faramarz H. Samie, MD, PhD; Richard T. Cheney, MD; John M. Kane III, MD; Ari-Nareg Meguerditchian, MD; Mary Vaughan, MD; Nathalie C. Zeitouni, MD

4:52 – 5:00 pm

Late Breaking Abstract

TBD in March

5:00 – 6:00 PM

Visit the Exhibit Hall (beverages and snacks provided)

Saturday, May 3, 2008

7:00 am – 2:00 pm

Registration and AV Preview

7:00 am – 2:00 pm

Slide Library and Diagnostic Quality Control Self-Examination

7:15 – 8:45 am

Concurrent Morning Mini-Sessions

MB300

Nasal Reconstruction: Classic and Unconventional

At the conclusion of this session, participants should be able to:

- 1) Understand the importance of functional and aesthetic nasal reconstruction following Mohs surgery,
- 2) Review the classical methods of nasal repair with particular emphasis on flap reconstructive surgery,
- 3) Explore unconventional methods of nasal reconstruction including, but not limited to, tunneled flaps, composite repairs, hinge flap repairs, unusual variations of conventional flaps, and other advanced reconstructive dermatologic surgical procedures,
- 4) Compare the advantages and disadvantages of conventional and unconventional repair techniques.

Joel Cook, MD; Tri H. Nguyen, MD

MB301

CPC: Unusual Cutaneous Tumors

At the conclusion of this session, participants should be able to:

- 1) Recognize clinical presentation and pathology of rare cutaneous malignancies and understand appropriate evaluation and management,
- 2) Identify patients with aggressive BCC and SCC who require multidisciplinary management.

Suzanne Olbricht, MD; Allison Therese Vidimos, MD

MB302

Nail Surgery: Beyond the Basics

Saturday, May 3 (continued)

At the conclusion of this session, participants should be able to:

- 1) Approach nail surgery with a greater understanding of anatomy and principles of anesthesia and techniques to achieve excellent surgical exposure (including novel plate avulsion techniques, nail fold reflection, and methods to obtain a bloodless field),
- 2) Work up and operate on cases of longitudinal melanonychia and longitudinal erythronychia, with an understanding of a variety of techniques to approach these clinical presentations,
- 3) Perform en-bloc excisions of the nail apparatus and Mohs surgery for appropriate nail apparatus neoplasms.

Siobhan Collins, MD; Nathaniel J. Jellinek, MD

MB303

Radiation Therapy for Cutaneous Malignancies

At the conclusion of this session, participants should be able to:

- 1) To provide a general overview of the use of XRT for various histologies and stages of disease,
- 2) To focus on XRT indications in the adjuvant setting and discuss its efficacy and limitations in the primary setting,
- 3) To review the available techniques and dose and fractionation schemes.

Upendra Parvathaneni, MD, FRANZCR

MB304

The Office: From Setting Up to Maximizing Efficiency

At the conclusion of this session, participants should be able to:

- 1) Understand the steps required in setting up a new practice of Mohs surgery,
- 2) Understand a variety of techniques successful in establishing a new referral base,
- 3) Understand how to hire good employees and empower them to become great employees.

Michael J. Fazio, MD; Karen Johnson, MD

9:00 – 10:00 am (Concurrent: MC310 and MC311)

MC310

Tumor Board

At the conclusion of this session, participants should be able to:

- 1) Understand the role of multidisciplinary care in the systemic work-up and management of complex SCC patients,
- 2) Develop a framework for the work-up and management of selected aggressive and unusual cutaneous malignancies,
- 3) Gain an understanding of the issues involved when considering adjuvant treatment for aggressive cutaneous malignancies.

Moderators: Leslie Jayne Christenson, MD; Desiree Ratner, MD

Panelists: Gary L. Clayman, DMD, MD, FACS; Marcy Neuburg, MD; Upendra Parvathaneni, MD, FRANZCR; Thomas Stasko MD; Timothy S. Wang, MD

MC311

Morning at the Movies – Cosmetic Surgery

At the conclusion of this session, participants should be able to:

- 1) Understand the planning and execution of upper and lower blepharoplasty,
- 2) Understand the planning and execution of neck liposuction and placement of mandibular implants,
- 3) Understand the planning and execution of a local anesthesia face lift.

Moderator: Greg S. Morganroth, MD

Educational Program

Saturday, May 3 (continued)

9:00 – 9:20 am

Vertical Vector Face Lift

Greg S. Morganroth, MD

9:20 – 9:40 am

Neck Liposuction and Chin Implant

Ashley Smith, MD

9:40 – 10:00 am

Upper and Lower Blepharoplasty

Cathy Macknet, MD

10:00 – 10:15 am

Break

10:15 – 11:00 am

MG312

Mohs Slide Quality and Interesting Cases

At the conclusion of this session, participants should be able to:
1) Improve the quality of Mohs frozen section histopathology, 2) Discuss some interesting Mohs pathology cases and conundrums, 3) Diagnose and correct processing errors contributing to suboptimal frozen histopathology sections, 4) Learn how to maintain specimen orientation and identification from the patient to the microscope.

Moderator: Carl F. Schanbacher, MD

Panelists: Timothy K. Chartier, MD; Manish J. Gharia, MD; Nanette Liegeois, MD, PhD; Tri H. Nguyen, MD; Justin Woodhouse, MD

11:00 am – 12:00 pm

MG313

The Undesirable Result in Reconstructive Surgery

At the conclusion of this session, participants should be able to thoughtfully analyze less desirable results in facial reconstructive surgery in order to determine sources of potential error in operative design or surgical technique.

Moderators: Jonathan L. Cook, MD

Panelists: Leonard M. Dzubow, MD; Gregg M. Menaker, MD; Randall J. Roenigk, MD; John A. Zitelli, MD

12:00 – 3:00 pm

Exhibit Hall Open

12:00 – 1:00 pm

MG314

Laboratory Techniques, Pathology and Unusual Tumors, and Reconstruction Abstract Session

Moderators: Murad Alam, MD; John M. Strasswimmer, MD, PhD

12:04 – 12:12 pm

Defining the Role of Real-Time Directly-Conjugated Immunofluorescence for Evaluating Frozen Sections of Nonmelanoma Skin Cancer During Mohs Micrographic Surgery

Kevan G. Lewis, MD; Raymond G. Dufresne, Jr., MD; Nathaniel J. Jellinek, MD

Saturday, May 3 (continued)

12:12 – 12:20 pm

Adenosquamous Carcinoma of the Skin: A Case Series

Jennifer M. Fu, MD; Tim McCalmont, MD; Siegrid Yu, MD

12:20 – 12:28 pm

Folded Forehead Flaps for the Reconstruction of Full-Thickness Nasal Wounds: Interesting Ways to Avoid the Need for Intra-Nasal Flaps to Replace Missing Nasal Lining

Jonathan L. Cook, MD

12:28 – 12:36 pm

Commissuroplasty to Lengthen the Lower Lip during Lip Wedge Reconstruction

Andrea Willey, MD; Ken K. Lee, MD

12:36 – 12:44 pm

Late Breaking Abstracts

TBD in March

12:44 - 12:52 pm

Late Breaking Abstracts

TBD in March

12:52 – 1:00 pm

Late Breaking Abstracts

TBD in March

1:00 – 2:30 pm

ASDS/WDS Networking Luncheon

3:00 – 7:00 pm

Exhibit Hall and Poster Tear-Down

5:00 – 6:00 pm

Fellowship Training Directors' Session

Establishing a Mohs Practice: Pearls for Residents and Fellows

At the conclusion of this session, participants should be able to:
1) Establish a new Mohs surgery unit including the following: establishment of a CLIA-certified laboratory for Mohs and preparation of adequate surgery documentation and consent records, 2) Obtain essential equipment, instruments and other necessary disposables, 3) Train surgical assistants, 4) Understand basic coding for Mohs surgery and other surgical procedures, including the proper use of modifiers, 5) Understand basic contract issues if setting up a Mohs unit within an established practice.

Monika Srivastava, MD; Priya Zeikus, MD

6:00 – 7:30 PM

Fellow-in-Training Reception

Current Fellows-In-Training and their Program Directors

MB400

Management of Organ Transplant Patients

At the conclusion of this session, participants should be able to: 1) Appreciate the risk for the development of multiple cutaneous malignancies and infections in organ transplant recipients, 2) Understand the factors which predispose organ transplant recipients to the development of such problems, 3) Devise possible prevention and treatment plans for organ transplant patients.

Clark C. Otley, MD; Thomas Stasko, MD

MB401

Lasers for the Mohs Surgeon

At the conclusion of this session, participants should be able to: 1) Understand the different laser and non-laser modalities available on the market, 2) Understand how to use lasers in their practice as an adjunct to Mohs surgery, 3) Understand what types of lasers can be used to treat different cosmetic concerns.

Shawn Allen, MD; Keyvan Nouri, MD

MB402

The Role of Imaging in the Management of Non-Melanoma Skin Cancer

At the conclusion of this session, participants should be able to: 1) Have a basic understanding of the principles and limitations of MR, CT, and US as applied to non-melanoma skin cancer, 2) Understand clinical indications for pre- and post-operative imaging, 3) Choose the best imaging modality for various clinical presentations of non-melanoma skin cancer.

Tatyana R. Humphreys, MD; Deborah MacFarlane, MD

9:00 – 9:50 am

Diagnostic Quality Control Exam Review

Moderator: Frederick S. Fish, III, MD

Panelists: Christie Travelute Ammirati, MD; John K. Geisse, MD; James Gardner Lahti, MD, MPH; Susana M. Leal-Khoury, MD; Girish S. Munavalli, MD, MHS; Carl F. Schanbacher, MD; Chrysalynne D. Schmults, MD

9:50 – 10:00 am

Break

10:00 am – 12:00 pm

MG410

Cosmetic Symposium

Moderator: Greg S. Morganroth, MD

10:00 – 10:10 am

My Botox Injection Technique for the Face and Neck

Murad Alam, MD

Sunday, May 4 (continued)

10:10 – 10:20 am

How to Create a Beautiful Lip with Fillers

Andrew J. Kaufman, MD, FACP

10:20 – 10:30 am

Nasal and Ear Contouring with Fillers

Joel Lee Cohen, MD

10:30 – 10:40 am

Er:YAG Skin Resurfacing

Roy C. Grekin, MD

10:40 – 10:50 am

Combining CO2 Laser Resurfacing and TCA Peels

Anna A. Bar, MD

10:50 – 11:00 am

Upper Blepharoplasty: When Skin Excision is Enough

Gary D. Monheit, MD

11:00 – 11:10 am

Upper Blepharoplasty: When Skin Excision is Not Enough

Steven M. Rotter, MD

11:10 – 11:20 am

Carbon Dioxide Transconjunctival Blepharoplasty in 8 Minutes

Aradhna Saxena, MD

11:20 – 11:30 am

Tear Trough Correction during Lower Blepharoplasty

Ronald L. Moy, MD

11:30 – 11:40 am

Neck Liposuction Alone

Isaac M. Neuhaus, MD

11:40 – 11:50 am

Managing Platysmal Bands During Neck Liposuction

Roberta D. Sengelmann, MD

11:50 am – 12:00 pm

When Neck Liposuction is Not Enough

Hayes B. Gladstone, MD

12:00 pm

Meeting adjourns

Poster Presentations

Posters will be displayed in the Regency Hallway A and Regency Foyer, outside the exhibit hall and session rooms. Posters will be displayed from 12:00 pm Thursday through 3:00 pm Saturday.

- 101 **Squamous Cell Carcinoma of the Nasal Columella Managed with Mohs Micrographic Surgery Following Exposure by Lateral Rhinotomy**
Holly A. Sanders, MD, Harry L. Parlette, III, MD
- 102 **When an M is a V: Vector Analysis Calls for Redesign of the M-Plasty**
Oliver J. Wisco, DO, J. Michael Wentzell, MD
- 103 **Prospective Study of Surgery to the Skin in Smokers versus Non-Smokers**
Anthony J. Dixon, MD, John B. Dixon, MD, Mary P. Dixon, MD, Christopher B. Del Mar, MD
- 104 **Simple, Rapid and Cost-Effective Method for Recording Histopathology during Mohs Surgery Using Handheld Digital Cameras**
Jeffrey K. Lander, MD, Frederick S. Fish, III, MD
- 105 **Optimization of Conjunctival Biopsy Specimen Processing for Sebaceous Carcinoma: A Novel Technique**
Jason Givan, MD, John Holds, MD, Summer R. Youker, MD
- 106 **Patient Safety Practices in Mohs Surgery**
Susan T. Butler, MD, Summer R. Youker, MD, Dana Oliver, MD, Scott W. Fosko, MD
- 107 **A Novel Refinement of the Dorsal Nasal Flap for Nasal Tip Reconstruction**
Kenny J. Omlin, MD, Rebecca Getachew, MD, Thomas E. Rohrer, MD
- 108 **Innovations in and Alternatives to Complete Nail Plate Avulsion**
Katharine Cordova, MD, Siobhan Collins, MD, Nathaniel J. Jellinek, MD
- 109 **Specific Morphologies for Identifying Lentigo Maligna Melanomas in Reflectance Confocal Microscopy of the Face and Scalp**
Steven Q. Wang, MD, Sanjay Mandal, MD, Kishwer S. Nehal, MD, Milind Rajadhyaksha, MD
- 110 **An Analysis of 500 Nasal Defect Repairs Following Mohs Surgery**
Robert D. Paver, MD, Leslie Storey, MD, Alvin Lam, MD
- 111 **Fractional Photothermolysis for the Treatment of Surgical Scars**
Paul M. Friedman, MD, Joy H. Kunishige, MD
- 112 **An Examination of the Effects of Imiquimod 5% Cream on Keloid Recurrence at Excision Sites Healing by Secondary Intension in 24 Patients.**
Wil D. Tutrone, MD, Eyal K. Levit, MD
- 113 **A Novel Method for Melolabial Flap Division: Shave Contouring**
Brian Somoano, MD, Jeremy Kampp, MD, Hayes B. Gladstone, MD
- 114 **The Staged Vestibular Lip Flap: A Novel Method for Reconstructing Medium-Sized Mucosal Lip Defects**
Jeremy Kampp, MD, Brian Somoano, MD, Hayes B. Gladstone, MD
- 115 **Understanding the Multicenter Selective Lymphadenectomy Group Trial for Melanoma: Number Needed to Treat and Cost Effectiveness Analysis**
Tina I. Wright, MD, Clark C. Otley, MD, Randall K. Roenigk, MD, Pamela Kim Phillips, MD
- 116 **A Modified Technique for Histologic Processing of Mohs Wedge Excisions**
Julie K. Karen, MD, Carole Hazan, MD, Marie Tudisco, MD, Barbara Strippoli, BS, HTL, Vicki J. Levine, MD, Elizabeth K. Hale, MD, Kishwer S. Nehal, MD
- 117 **Insulin-Like Growth Factor Binding Proteins in the Development of Basal Cell Carcinoma**
Adam J. Mamelak, MD, Steven Q. Wang, MD, Leonard H. Goldberg, MD, Arwen Stelter, MD, Miao He, MD, Xiaoli Zhang, MD, Stephen Tyring, MD, Jingwu Xie, MD
- 118 **Linear Closure for Nasal Defect after Mohs Micrographic Surgery**
Adam J. Mamelak, MD, Steven Q. Wang, MD, Leonard H. Goldberg, MD

Poster Presentations

- 119 **The Practice of Mohs Surgery Stimulates Patient Confidence and Facilitates Internal Referrals for Cosmetic Surgery**
Ashley Smith, MD, Eric King, MD, Greg S. Morganroth, MD
- 120 **Medical and Surgical Management of Primary Cutaneous Mucinous Carcinoma: Structured Review of Case Series Data**
Anjali Butani, MD, Scott Wickless, MD, Dominic Ricci, MD, Murad Alam, MD
- 121 **Full-Thickness Skin Grafts from the Upper Inner Arm as an Alternative to Split-Thickness Grafts**
Dori Goldberg, MD, Jeremy S. Bordeaux, MD, MPH, Mary E. Maloney, MD
- 122 **Unit Costs in a Mohs and DermaSurgery Unit within a Multi-Specialty Group**
Rungsima Wanitphakdeedecha, MD, Tri H. Nguyen, MD, Teris Minsue Chen, MD
- 123 **The Practical Utility of Immunohistochemistry in Mohs Surgery Beyond Melanoma**
Fiona Larsen, MD, Joseph S. Susa, MD, Sarah B. Weitzul, MD, R. Stan Taylor, III, MD
- 124 **The Use of Oral Capecitabine Chemotherapy for Radioresistant and Large Recurrent Squamous Cell Carcinomas of the Scalp**
Jeffrey E. Petersen, MD
- 125 **Comparing the Surface Area and Maximum Diameter of Invasive and Non-Invasive Melanoma Lesions Using Pre-Operative and Post-Operative Sizes**
Sofia Chaudhry, MD, Summer R. Youker, MD, M. Yadira Hurley, MD, Dana Oliver, MD, Scott W. Fosko, MD
- 126 **A Novel Technique for Tissue Orientation and Inking for Mohs Surgery; Cutting Processing Times in Half while Maintaining High Accuracy and Orientation**
Imran Amir, MD, David A. Kriegel, MD, Ellen S. Marmor, MD
- 127 **A Novel Model that Simulates the Elasticity of Human Skin for the Training and Development of Complex Wound Closures**
Daniel Michael, MD, Sarvenaz Zand, MD

Exhibitors (as of December 31, 2007)

You are encouraged to visit the technical exhibits during the ACMS Annual Meeting. A variety of companies of interest to the Mohs and Dermatologic Surgeon will be displaying their products, equipment, and services. Please be sure to visit the exhibit hall to learn about their quality offerings. A complete list of exhibitors, product descriptions, and a locator map will be provided with the on-site registration materials.

Exhibit Hall hours are:

Thursday, May 1 12:00-6:45 pm
 Friday, May 2 12:00-6:00 pm
 Saturday, May 3 12:00-3:00 pm

MORNING MINI-SESSIONS

\$50.00/Each session

Thursday, May 1, 2008 – 7:15 am to 8:45 am

Indicate preferred course number and two alternate choices.

1. _____ 2. _____ 3. _____

- MB100 Establishing a Mohs Histopathology Laboratory
- MB101 The Bilobed and Dorsal Nasal Flaps: Suggestions for Improving Flap Designs and Executions

- MB102 Merkel Cell Carcinoma
- MB103 Coding for the Mohs Surgeon
- MB104 Incorporating Cosmetics into a Mohs Practice

Friday, May 2, 2008 – 7:15 am to 8:45 am

Indicate preferred course number and two alternate choices.

1. _____ 2. _____ 3. _____

- MB200 Perioral Reconstruction
- MB201 Management of Head and Neck Masses
- MB202 Periorbital Reconstruction: Simple to Complex

- MB203 Tumor Recurrence Following Mohs Surgery
- MB204 Fillers for the Mohs Surgeon: Reinforcing Basics, Refining Techniques

Saturday, May 3, 2008 – 7:15 am to 8:45 am

Indicate preferred course number and two alternate choices.

1. _____ 2. _____ 3. _____

- MB300 Nasal Reconstruction: Classic and Unconventional
- MB301 CPC: Unusual Cutaneous Tumors
- MB302 Nail Surgery: Beyond the Basics

- MB303 Radiation Therapy for Cutaneous Malignancies
- MB304 The Office: From Setting Up to Maximizing Efficiency

Sunday, May 4, 2008 – 7:15 am to 8:45 am

Indicate preferred course number and two alternate choices.

1. _____ 2. _____ 3. _____

- MB400 Management of Organ Transplant Patients
- MB401 Lasers for the Mohs Surgeon

- MB402 The Role of Imaging in the Management of Non-Melanoma Skin Cancer

Morning Mini-Session Total \$ _____

SUBTOTAL FROM PAGE 1 OF REGISTRATION FORM \$ _____

TOTAL FEES PAID \$ _____

Payment may be made by check or credit card. Check payments, payable to the ACMS, should be made in U.S. dollars only (allow 7 additional days for processing). Send checks and completed Registration Form to ACMS, 2008 Annual Meeting Registration, 555 East Wells Street, Suite 1100, Milwaukee, WI 53202.

For credit card payments:

Print name as it appears on card _____
