(An ACMS subsidiary)

Fellowship Training Committee
Suzanne Olbricht, MD, FACMS, Chair
Welcome

Dear ACMS Members and Colleagues,

On behalf of the Board of Directors, it is my great pleasure to invite you to San Antonio for the 47th Annual Meeting of the American College of Mohs Surgery taking place Thursday, April 30 through Sunday, May 3, 2015.

As always, the Scientific Program Committee has shown exceptional care in crafting a program that will not only highlight innumerable topics relevant to our daily practices and the specialty of Mohs surgery as a whole, but also provide for meaningful interaction with colleagues and invited guests.

In addition to the potential for earning valuable CME and MOC credits, this year’s program provides both enriching science and essential knowledge on how to enhance your practice skills and management. You will also have the opportunity to interact with exhibitors and sponsors, and gain insight on how the tools, services and information they offer could be of benefit to you.

San Antonio serves as a wonderful backdrop for our meeting, with the Marriott Rivercenter situated in the heart of downtown right on the city’s well-known—and quite beautiful—Riverwalk. The hotel offers a host of amenities, including a health club and indoor and outdoor pools, as well as a number of nearby recreation options including biking and jogging trails, golf, The Alamo, Zoological Gardens and Aquarium, Six Flags Fiesta Texas Theme Park, and much more (see page 15).

I want to extend my sincere gratitude to the Scientific Program Committee Chair, Dr. Jerry Brewer, for his countless hours of thoughtful effort in developing and refining an exceptional program. Of course, he had some help: special thanks are also due to Drs. Chris Miller, John Albertini, Tom Stasko, Fiona Zwald and Michel McDonald for their time and valuable contributions in planning this event.

It bears repeating that your attendance at College meetings like this one ensures not only that you as a member gain vital knowledge to enhance your practice, but also the continued growth of our specialty and its reputation as the gold standard in skin cancer treatment.

I look forward to seeing you in San Antonio for what I know will be another excellent meeting of the American College of Mohs Surgery!

Sincerely,

J. Ramsey Mellette, Jr., MD, FACMS
2014-15 ACMS President
Dear Colleagues,

I’m pleased to present the educational program for the 2015 ACMS Annual Meeting in San Antonio, Texas! The program has been modified and carefully crafted utilizing feedback from previous meeting evaluations, as well as recommendations from members of the College. There are a number of new general and breakfast sessions, which nicely complement our current range of educational topics. The emphasis this year is embracing the expertise we have developed over decades and exploring ways to make everyday situations easier for us as well as for our patients. As always, the information presented in the field of cutaneous oncology and reconstruction is underscored by evidence-based and practical applications. We continue to welcome active participation, where possible, during the sessions.

In this regard, a new session entitled “Things That Make My Life Easier” will touch on how to utilize all the small practice efficiencies and tips learned over the years. A short pearl session has also been added, giving multiple presenters an opportunity to present their words of wisdom.

Our meeting will kick off on Thursday with an early morning, pre-meeting exercise Boot Camp led by Sgt. Kenneth B. Weichert, whose experience as a master fitness trainer and six-time US Army Soldier of the Year makes him ideal for the task. Later that day, we will hear from Sgt. Ken as our keynote speaker on “The Road to Resilience: Turn Stress into Strength and Obstacles into Opportunities,” which will surely be a popular and spirited session. In addition to Sgt. Ken, we have a number of world-class invited speakers who will be participating throughout the meeting. These include Mark Varvares, MD, FACS; Svetomir Markovic, MD, PhD; Brian Swick, MD, FAAD; and Christopher A. Barker, MD.

Dr. Varvares is associate chair of the Department of Otology and Laryngology at Harvard Medical School and the Massachusetts Eye and Ear Infirmary. Because of his multidisciplinary approach to the management of head and neck skin cancers and special interest in patient outcome measures, he is back this year by popular demand. His presentation will focus on “Managing the Recurrence of High Risk Skin Cancer of the Head and Neck: Perspectives on Cost Analysis and Quality of Life” on Thursday, April 30, 3:15-3:45 pm.

Svetomir N. Markovic, MD, PhD, is professor of Medicine and Oncology at Mayo Clinic in Rochester, MN, where he holds appointments in hematology, oncology and immunology. As one of the world’s leading medical oncologists in the field of melanoma therapy, he will present “Melanoma Update: Sentinel Node Biopsy and the New Era of Systemic Therapy” on Saturday, May 2, 11:00 am-12:00 pm.

Christopher A. Barker, MD, is a board-certified radiation oncologist at Memorial Sloan Kettering Cancer Center in New York City, specializing in the treatment of skin and eye cancers with radiation therapy. He’ll be speaking on “Photodynamic Therapy and Other Neoadjuvant Therapies” on Saturday, May 2, 8:30-9:30 am.

Brian Swick, MD, FAAD, will be participating with his University of Iowa colleagues in ‘Pathology Pearls/Dermpath Challenges in Mohs Surgery’ on Friday, May 1, 10:45 am-12:00 pm. Dr. Swick is clinical associate professor of dermatology and pathology at the University of Iowa Carver College of Medicine in Iowa City, IA, and Iowa City VAMC.

A number of new breakfast sessions at this meeting include: Dermatologic Emergencies; Medial Canthal Reconstruction; Challenging and ‘Outside-of-the-Box’ Reconstructive Surgery; Advanced Practice Management (from revenue to efficiency); Vein Surgery and the Basics of Phlebology; Managing Conflict Professionalism; Case-Based Nail Surgery; and Fine-Tuning your Surgical Scars After the Fact.

We are pleased to announce the case controversies session popular at last year’s meeting will be offered again, as well as the very popular “Master’s Pearls” and “How Would You Reconstruct It?” We are also pleased to offer three different MOC sessions for those interested in gaining MOC credit during the meeting.

I extend a special thanks to the Scientific Program Committee members who have shared many hours of their time and multiple insights with me to help shape and develop this program now presented to you. Thank you, Drs. J. Ramsey Mellette, Jr., John Albertini, Thomas Stasko, Christopher Miller, Fiona Zwald, Michel McDonald, and the ACMS staff.

The Scientific Program Committee hopes you find ample opportunities for learning at the 2015 Annual Meeting, and that you make some time to enjoy all that beautiful San Antonio has to offer. We look forward to seeing you there.

Sincerely,

Jerry D. Brewer, MD
Chair, ACMS 2015 Scientific Program Committee

---

**Digital Diagnostic Quality Control Exam**

The Diagnostic Quality Control Exam is now entirely online. This allows for more flexibility to review the slides at the meeting, and allows completion of the exam before and after meeting. Instructions for accessing the digital DQC exam will be sent via the email address used for registration prior to the Annual Meeting. Access to the Diagnostic Quality Control Exam is $50 for ACMS members and free to fellows-in-training. Only ACMS members who register for the exam and complete it online will receive a certificate. Certificates are mailed approximately 4-6 weeks after the meeting. CME credit will not be offered for taking the digital Diagnostic Quality Control Exam.

### Special Event for Thursday, April 30

**5:30 – 7:30 pm • Exhibit Hall Grand Opening & Welcome Reception**
Don’t miss this chance to relax and unwind with colleagues before an evening out in beautiful San Antonio. Hors d’oeuvres and beverages will be provided for your enjoyment.

### Special Event for Friday, May 1

**12:00 – 1:30 pm • ACMS Annual Business Meeting & Lunch**
ACMS members are encouraged to attend the annual membership business meeting and lunch. This important meeting brings members up to date on issues of significance. The winners of the prestigious Frederic E. Mohs Award and Distinguished Service Award will be announced.

### Special Event for Saturday, May 2

**6:45 – 7:30 pm • Reception Introducing Fellows-in-Training**
Exclusively for ACMS program directors and current fellows-in-training, this event offers the opportunity to network and socialize with each other and congratulate the fellows-in-training on their upcoming graduation. The winner of the Tromovitch Award will be announced and hors d’oeuvres and beverages will be provided. Fellows-in-training and program directors should come prepared to introduce themselves to the group.

### Special Event for Sunday, May 3

**10:30 am – 12:00 pm (concurrent) • MOC Self-Assessment Sessions: Office Safety, Procedural Dermatology, & Skin Cancer**
The ACMS is offering MOC Self-Assessments, which satisfy a portion of the self-assessment module of Component 2 in Maintenance of Certification with the American Board of Dermatology (ABD). They will run concurrently covering the topics of office safety, procedural dermatology, and skin cancer. Participants must complete the MOC Credit Form, available in the session on Sunday and return it to the ACMS Registration Desk or a drop-box. You must also update your ABD MOC tables to reflect the credits available for the session you attend. Note: If you claimed MOC credits for ‘MOC: Office Safety’ and/or ‘MOC: Skin Cancer’ at a previous ACMS Annual or Regional Meeting, you cannot claim MOC credits for ‘MOC: Office Safety’ and/or ‘MOC: Skin Cancer’ at the 2015 Annual Meeting.
Registration Information

Early Registration
Receive $50 off your registration fee by registering early. To receive the discount, your registration must be received at the ACMS Executive Office by February 16, 2015.

Registration Confirmation Emails
Registrants who mail or fax their registration will receive confirmation via email approximately two to three weeks after their registration and payment is received at the ACMS Executive Office. Those registering for the Annual Meeting online will receive a confirmation almost immediately via email. Please print the confirmation and bring it with you to the meeting to help facilitate your registration process.

On-Site Registration
Pre-registration must be received by the ACMS Executive Office on or before April 6, 2015. The office will not accept any registrations after April 6 and will require you to register and pay on-site. The registration desk will be open at the Marriott Rivercenter on the following days and times (subject to change):

Wednesday, April 29:  1:00 – 6:00 pm  
Thursday, April 30:  6:30 am – 5:00 pm  
Friday, May 1:  6:30 am – 5:00 pm  
Saturday, May 2:  6:30 am – 4:00 pm

Cancellations and Refunds
Registration fees, minus a $200 administration fee, will be refunded upon written notice of cancellation if the request is received at the ACMS Executive Office no later than February 26, 2015. Email: info@mohscollege.org or Fax: (414) 276-2146. Refunds will not be given after that date.

Physicians must be currently participating in an approved residency or fellowship training program in Dermatology or Procedural Dermatology/Mohs Surgery. Physicians in a residency or fellowship training program must submit a letter of verification indicating the type of program in which they are enrolled from the program chair or fellowship training director with their registration form.

A letter of sponsorship from an ACMS member must accompany all non-member registration forms.

Surgical assistants employed by an ACMS member may register and attend any and all scientific sessions, except for the Morning Mini-Sessions. Surgical assistants must submit a letter of verification from their physician with their registration form.

This registration is available to guests of a physician who is registered for the meeting. It includes admittance to the exhibit hall and receptions. Guest registration does not permit admittance to any of the scientific sessions.

All ACMS members, Associate Applicants, current fellows-in-training, and residents who are registered for the meeting may sign up to attend a Morning Mini-Session. Pre-registration for these sessions is strongly encouraged as the number of seats is limited. Morning Mini-Sessions are open only to physicians. Registrants will receive tickets for the Morning Mini-Sessions; each session will have a room monitor who will only admit those who have the correct ticket. Tickets may be purchased at the registration desk until the session is sold out.

The Diagnostic Quality Control Exam is now entirely online. There will be no microscopes at the Annual Meeting. Instructions for accessing the digital DQC exam will be sent to your email address leading up to the Annual Meeting. Access to the Diagnostic Quality Control Exam is $50 for ACMS members and free to fellows-in-training. Only ACMS members who register for the exam and complete it online will receive a certificate. Certificates are mailed approximately 4-6 weeks after the meeting. CME credit will not be offered for taking the digital Diagnostic Quality Control Exam.
CME Information and Learning Objectives

Accreditation Statement
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the sponsorship of the American College of Mohs Surgery (ACMS). The ACMS is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement
The ACMS designates this live activity for a maximum of 25.25 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistant Credit
The American Academy of Physician Assistants accepts AMA PRA Category 1 Credit(s)™ from organizations accredited by the ACCME. Physician Assistants attending the Annual Meeting can submit certificates or transcripts showing how many physician CME credits were offered for an activity to the AAPA and get them “converted” to PA CME credit. The AAPA also grants and counts AMA PRA Category 1 Credit(s)™, but those are specifically for PAs and have to come from a provider accredited by the AAPA. AAPA label their credits Category 1 CME, but the labels, though they read the same, refer to different evaluations.

Disclosure of Conflicts of Interest
To comply with the Accreditation Council for Continuing Medical Education (ACCME) Standards of Commercial Support on the need for disclosure and monitoring of proprietary and financial interests that may affect the scientific integrity and balance of content delivered in continuing medical education activities under our auspices, the American College of Mohs Surgery (ACMS) requires that all CME certified activities be developed free from the control of a commercial interest and be balanced, objective, and scientifically rigorous. Anyone with the ability to affect the content of an educational activity must disclose relevant financial relationships with health organizations producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients, as well as any unapproved or off-label uses of medical devices or pharmaceutical agents that they discuss, describe, or demonstrate during their presentations. Meeting attendees should use their independent judgment in applying the information discussed in these educational sessions in the treatment of patients.

Disclosure of Discussion of Non-FDA Approved Uses for Pharmaceutical Products and/or Medical Devices
The ACMS requires that all faculty presenters identify and disclose any off-label uses for pharmaceutical and medical device products. The ACMS recommends that each physician fully review all the available data on new products or procedures prior to instituting them with patients.

Disclaimer
The views expressed and the techniques presented by the speakers of the ACMS sponsored educational meetings are not necessarily shared or endorsed by the organization. Anyone with the ability to affect the content of an educational activity must disclose relevant financial relationships with health organizations producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients, as well as any unapproved or off-label uses of medical devices or pharmaceutical agents that they discuss, describe, or demonstrate during their presentations. Meeting attendees should use their independent judgment in applying the information discussed in these educational sessions in the treatment of patients.

Learning Objectives
Upon completion of the Annual Meeting, participants will be able to describe the latest advances in the treatment of skin cancer, discuss recent research findings in the area of Mohs micrographic surgery and cutaneous oncology, and explain new techniques in reconstruction that promote optimal surgical outcomes.

Specific learning objectives, upon completion of the ACMS Annual Meeting include:

- Develop a strategy for providers and office staff to be prepared and respond effectively in emergent situations;
- Develop creative reconstructive strategies for wounds that require staged reconstruction, unique suturing techniques, or supplemental procedures;
- Identify new research developments in Mohs surgery and oncology;
- Identify potential complications that can arise following complex reconstructive procedures;
- Describe techniques and processes that can optimize the preoperative, intraoperative and postoperative period for Mohs surgery;
- Recall the significant treatment related costs associated with surgery for recurrent cutaneous cancers of the head and neck;
- Identify self-awareness as a key driver for professionalism and remedy fatal flaws that compromise professionalism;
- Recall the variables that impact proper billing and coding and apply appropriate CPT definitions to clinical scenarios;
- Utilize recent developments in the clinical management of Merkel cell carcinoma, including sentinel lymph node biopsy and adjuvant therapy, to guide the multidisciplinary care of this malignancy;
- Differentiate true perineural invasion (PNI) from histologic mimics of PNI;
- Develop therapeutic options for simple and complex tumors in organ transplant recipients;
**CME Information and Learning Objectives, con’t.**

- Develop a surgical algorithm and directed approach for a variety of nail tumor presentations;
- Correlate underlying facial anatomy preoperatively with their planned facial dermatologic surgical procedure;
- Describe the role of photodynamic therapy in skin cancer management;
- Identify tumors which require multidisciplinary care;
- Identify those who should, and those who should not be considered for sentinel node biopsy for melanoma;
- Consider biomechanical factors that aid in the selection of one flap closure versus another;
- Discuss unusual clinical presentations and management of malignant melanoma in high risk patients;
- Improve dermatopathology skills to help distinguish benign findings from malignant processes; and
- Describe ocular and periocular anatomy, including functional anatomy and preoperative assessment.

**Hotel & Travel Information**

The 2015 ACMS Annual Meeting will be held at:
San Antonio Marriott Rivercenter
101 Bowie St.
San Antonio, TX
Phone: (210) 223-1000
Reservations: (800) 648-4462

**Reservations**
The ACMS secured the following reduced room rate:
- $218– Single/Double Occupancy

Rates are subject to state and local taxes, currently 16.75%.
To receive this discounted rate you must identify yourself as being with ACMS and must have already registered for the 2015 Annual Meeting.

Make your reservations early. These reduced group rates are available only through Monday, April 6, 2015 or until sold out. Reservation requests after the cut-off date will be based on availability at the group rate.

Hotel Reservations may be made either by phone or online.

*By phone:* **San Antonio Marriott Rivercenter** at (800) 648-4462 and ask for “American College of Mohs Surgery Annual Meeting.” Be sure you registered for the Annual Meeting and refer to the group and meeting name when registering.

*Online:* Visit the ACMS reservation page after registering for the Annual Meeting, for update information and a link to the **San Antonio Marriott Rivercenter:** [www.mohscollege.org/annualmeeting](http://www.mohscollege.org/annualmeeting)

**Hotel check-in time is 4:00 pm CST and check-out time is 11:00 am CST.**

**Airport**
San Antonio International Airport (SAT) (8 miles South)
9800 Airport Blvd.
San Antonio, TX 78216
(210) 207-3411
[www.sanantonio.gov/SAT.aspx](http://www.sanantonio.gov/SAT.aspx)

Transportation from San Antonio International Airport *(Please note that San Antonio Marriott Rivercenter does not provide shuttle service.)*
- **Airport Express:** Fee $18 (one way); Reservation required (210) 281-9900
- **Taxi:** Estimated taxi fare is $22 (one way)
- **Driving Directions:** Take 281 South to Commerce St. Exit. Make a right at the light (Commerce) and continue down 1 block; hotel is on the right-hand side, at the corner of Bowie and Commerce.

**San Antonio Marriott Rivercenter Parking**
Self: $27 plus tax, per day
Valet: $37 plus tax, per day

**San Antonio Weather**
During late April:
Average High: 83°F
Average Low: 62°F

**Special Note to the Physically Challenged**
The ACMS wishes to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of auxiliary aids and/or service(s). If you need an auxiliary aid or service(s) identified in the Americans with Disabilities Act, or any assistance in registering for this meeting, please contact the ACMS Executive Office:

Guest Speaker Biographies

Keynote Speaker
Sgt. Kenneth B. Weichert, II, MRT, MFT

Sgt. Kenneth B. Weichert (a.k.a. “Sgt. Ken®”) is an award-winning international speaker, six-time US Army Soldier of the Year, Master Fitness Trainer, Master Resilience Trainer, Counterintelligence Agent and highly decorated combat veteran. He has trained more than 500,000 service members and civilians through Operation Fit to Fight, has written more than 100 articles for GX®, Backpacker®, Outside®, and Health®, and created the Operation Family Fit video series and fitness kits for the Air National Guard.

Sgt. Ken founded the longest-running Boot Camp fitness program in the United States, START Fitness®, and has starred in several best-selling fitness videos. He is the recipient of the Canadian Fitness Professionals 2011 “Best New Presenter of the Year” award, the EMPOWER 2013 “Male Presenter of the Year” award, and has been featured numerous times on ABC, CBS, NBC, Fox News, and continues to serve as a host for the Fit for Duty show on the Pentagon Channel.

Sgt. Ken is a continuing education provider through the American Council on Exercise (ACE), the National Academy of Sports Medicine (NASM) and the Aerobics and Fitness Association of America (AFAA) for the Tactical Fitness Trainer (aka “Boot Camp Instructor”) course. His mission is to provide safe and effective fitness and resilience training to help people turn stress into strength and obstacles into opportunities.

Christopher A. Barker, MD

Christopher A. Barker, MD, is a board-certified radiation oncologist at Memorial Sloan Kettering Cancer Center in New York City, specializing in the treatment of skin and eye cancers with radiation therapy.

In addition to treating patients, he studies ways to make radiation therapy more effective while reducing the side effects of treatment. To do this, he performs experimental laboratory research on the biologic response to radiation, and works with members of the Medical Physics department to create new ways of giving radiation therapy.

Dr. Barker is the principal investigator of a multicenter prospective pilot clinical trial of electronic brachytherapy. He is also the site principal investigator for an international prospective randomized clinical trial of neurotropic melanoma of the head and neck, a prospective phase 2 trial of vismodegib and radiotherapy for locally advanced basal cell carcinomas of the head and neck. His research has been supported by the American Society for Radiation Oncology (ASTRO), the Lymphoma Foundation, and the National Institutes of Health. He has authored several chapters in major radiation oncology textbooks as well as several peer-reviewed research studies in journals such as the New England Journal of Medicine, Journal of the National Cancer Institute, Clinical Cancer Research, Radiation Research, and the International Journal of Radiation Oncology, Biology and Physics. In addition, he teaches students and other physicians about radiation oncology, and serves as vice chairman of the ASTRO Radiation and Cancer Biology Teaching and Curriculum Subcommittee.

Svetomir N. Markovic, MD, PhD

Svetomir N. Markovic, MD, PhD, is Professor of Medicine and Oncology at Mayo Clinic in Rochester, MN, where he holds appointments in Hematology, Oncology and Immunology. His research interests center on translational immunotherapeutics of cancer focused on malignant melanoma and non-Hodgkin’s lymphoma. This work includes development and clinical testing of cancer vaccines, immune-boosting agents, novel agents that reconstitute immunity in patients with cancer, and combination therapy directed at enhancing anti-tumor immune responses.

Dr. Markovic’s focus areas include discovery of biological processes that are utilized by cancers to overcome anti-tumor immunity in humans; discovery and translation into clinical studies of novel agents that favor anti-tumor immunity in patients with melanoma and non-Hodgkin’s lymphoma; and understanding ways to integrate different modes of cancer therapy into comprehensive treatment strategies yielding significant improvements in patient outcomes.

All of Dr. Markovic’s research activities are centered on the principle of developing more effective and less toxic therapies for advanced cancers such as melanoma and non-Hodgkin’s lymphoma.
Guest Speaker Biographies

Brian Swick, MD, FAAD

Brian Swick, MD, FAAD, is Clinical Associate Professor of both dermatology and pathology at the University of Iowa Carver College of Medicine in Iowa City, IA, and Iowa City VAMC. He specializes in dermatology, dermatopathology and pediatric dermatology, and is board certified by the American Board of Dermatopathology and the American Board of Dermatology.

He completed his residency in dermatology at the University of Iowa Hospitals and Clinics, Iowa City, IA, and his fellowship in dermatopathology at the University of Colorado Health Sciences Center. Dr. Swick’s interests include all aspects of medical dermatology and non-Mohs surgery. He is also clinically active as a dermatopathologist at the University of Iowa and the Iowa City VAMC, as well as serving on the melanoma biweekly tumor board. His non-clinical interests include resident and medical student education.

Mark A. Varvares, MD, FACS

Mark A. Varvares, MD, FACS, served as the Donald and Marlene Jerome Endowed Chair & Professor specializing in Head and Neck Cancer at Saint Louis University School of Medicine for 11 years before taking a position this past February as Associate Chair of the Department of Otology and Laryngology at Harvard Medical School and the Massachusetts Eye and Ear Infirmary.

He completed his residency at the Harvard Medical School Massachusetts Eye and Ear Infirmary in Otolaryngology and fellowship at Harvard Medical School in Head and Neck Reconstructive Surgery. Dr. Varvares is board certified by the American Board of Otolaryngology and the American Board of Facial Plastic and Reconstructive Surgery.

Dr. Varvares’ research focuses on how the surgical pathology of head and neck tumors impacts survival, methods to improve the quality of surgical resections, and clinical outcomes as related to head and neck cancer therapy. His primary clinical interests include: Squamous cell carcinoma of the head and neck, management of advanced cutaneous malignancy, free flap reconstruction of head and neck defects, skull base surgery, surgery of the parotid, thyroid and parathyroid glands, surgery of the larynx and trachea, and cancer of the nose and paranasal sinuses.
7:00 – 8:15 am
Concurrent Morning Mini-Sessions

**103.1 Dermatologic Emergencies**
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Effectively identify and respond in emergent situations that might occur with the operative patient;
2) Develop a strategy for providers and office staff to be prepared and respond effectively in emergent situations;
3) Identify ways to optimize patient care in order to thwart emergencies in the operative patient.
*Murad Alam, MD, FACMS; Travis W. Blalock, MD*

**103.2 Medial Canthal Reconstruction ●**
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify the anatomic structures and cosmetic units in the medial canthus;
2) Review reconstructive options for the medial canthus;
3) Recall how to avoid complications in the medial canthus and treat them when they do arise.
*Tatjana R. Humphreys, MD, FACMS; Andrea Willey, MD, FACMS*

**103.3 Challenging and ‘Outside-of-the-Box’ Reconstructive Surgery ●**
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Describe general principles to guide reconstruction strategies for large or challenging cutaneous defects;
2) Identify cutaneous defects that benefit from modification of routine flaps and grafts;
3) Develop creative reconstructive strategies for wounds that require staged reconstruction, unique suturing techniques, or supplemental procedures.
*Robert H. Cook-Norris, MD; William B. Henghold, II, MD, FACMS; Juan-Carlos Martinez, MD, FACMS; Christopher J. Miller, MD, FACMS*

**103.4 Advanced Practice Management: From Revenue to Efficiency**
(1.25 Credit Hours)
*Steven M. Rotter, MD, FACMS*

**103.5 Dermatologic Surgery Disasters: A Dissection of Patient Safety Failures**
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Discuss evidence-based safety literature in dermatologic surgery;
2) Examine the legal implications of a series of real life patient safety scenarios;
3) Incorporate this knowledge plus process improvement techniques into their own surgical practice to reduce risk.
*Deborah F. MacFarlane, MD, MPH, FACMS; Abel Torres, MD, JD, FACMS*

◆ Represents advanced expertise level

8:30 – 9:00 am
Welcome & AAD Update
(0.50 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Discuss current policy, political, and reimbursement information regarding the practice of Mohs surgery;
2) Identify the activities of the ACMS and its many committees;
3) Discuss the importance of patient safety and demonstrate how safe Mohs surgery is;
4) Recognize the AAD’s strategic focus and some of the activities in place to advance it;
5) Recognize the challenges and opportunities that the ACMS and AAD will face in the coming year.
*J. Ramsey Mellette, Jr., MD, FACMS, ACMS President; Mark Lebwohl, MD, AAD President-Elect*

9:00 – 9:45 am
Literature Review
(0.75 Credit Hour)
At the conclusion of this session, participants should:
1) Apply the broad range of reconstructive options covered in multidisciplinary literature including facial plastic, oculoplastic and general plastics;
2) Discuss key developments in oncology including advancements in research and treatment;
3) Recall current dermatopathology literature and management concerns for pigmented lesions.
*Moderators: Naomi Lawrence, MD, FACMS; Ian A. Maher, MD, FACMS*
*Speaker: Mariah R. Brown, MD, FACMS*

9:45 – 10:00 am
Break
(CME Not offered)

10:00 – 11:00 am
Tromovitch Award Abstract Session
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Identify recent advances in cutaneous oncology and pathology;
2) Recognize the current state of the practice of Mohs surgery;
3) Recall young investigators research and scholarly activities.
*Moderators: Vanessa C. Lichon, MD (2014 Tromovitch Award Abstract Winner); Fiona M. Zwald, MD, MRCPI, FACMS (2014 Scientific Program Chair)*

11:00 am – 12:00 pm
Scientific Abstract Session
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to understand and identify new research developments in Mohs surgery and oncology.
*Moderator: Murad Alam, MD, FACMS; John A. Carucci, MD, PhD, FACMS*

---

**ACMS Annual Meeting • April 30–May 3, 2015 • Marriott Rivercenter • San Antonio, TX**
7:00 – 8:15 am

Concurrent Morning Mini-Sessions

**202.1 Vein Surgery and the Basics of Phlebology**
*(1.25 Credit Hours)*
At the conclusion of this session, participants should be able to:
1) Identify the anatomy and pathophysiology of superficial venous disease;
2) Describe considerations for selection of sclerosant agent and concentration as well as the role of foam sclerotherapy in the treatment of varicose and telangiectatic leg veins;
3) Identify surgical and endovascular strategies for managing large vein disease, i.e., saphenous and saphenous tributary insufficiency;
4) Minimize the adverse effects of leg vein treatment.
Todd V. Cartee, MD; Margaret Mann, MD, FACMS

**202.2 Periocular Reconstruction**
*(1.25 Credit Hours)*
At the conclusion of this session, participants should be able to:
1) Identify critical anatomic landmarks in periocular reconstruction;
2) Describe the functional and aesthetic functions of the eyelids, and the functional aspects of the lacrimal drainage system;
3) Apply anatomic and functional principles in reconstruction of the eyelids and canthal tissues.
Hugh M. Gloster, Jr., MD, FACMS; Ann G. Neff, MD, FACMS

**202.3 Managing Conflict, Professionalism, etc.**
*(1.25 Credit Hours)*
At the conclusion of this session, participants should be able to:
1) Identify self-awareness as a key driver for professionalism;
2) Recall and remedy fatal flaws that compromise professionalism;
3) Delineate mechanisms to improve the perception of the profession.
Mary E. Maloney, MD, FACMS; Marta J. VanBeek, MD, FACMS

**202.4 Young Leaders: Practical Pearls for Career Goals**
*(1.25 Credit Hours)*
At the conclusion of this session, participants should be able to:
1) Differentiate true perineural invasion (PNI) from histologic mimics of PNI;
2) Recognize false positive pitfalls for Mart-1 staining when using Mohs for lentigo maligna;
3) Gain practical early career advice from leaders in the field.
Alison B. Durham, MD; Patrick K. Lee, MD, FACMS; Adam M. Rotunda, MD, FACMS; Teresa Soriano, MD, FACMS

**202.5 Minimizing Scar Formation in Skin Cancer Reconstruction**
*(1.25 Credit Hours)*
Joel L. Cohen, MD, FACMS; Thomas E. Rohrer, MD, FACMS

8:30 – 9:30 am

**Case-Based Coding and Billing**
*(1.00 Credit Hour)*
At the conclusion of this session, participants should be able to:
1) Recall the variables that impact proper billing and coding;
2) Apply appropriate CPT definitions to clinical scenarios;
3) Compare and assess one’s individual billing and coding practices to membership benchmarks.
Moderators: John G. Albertini, MD, FACMS; Glenn D. Goldman, MD, FACMS

9:30 – 10:30 am

**Update on Merkel Cell Carcinoma**
*(1.00 Credit Hour)*
At the conclusion of this session, participants should be able to:
1) Identify areas of consensus and controversy regarding the clinical, pathologic, and prognostic characteristics of Merkel cell carcinoma;
2) Utilize recent developments in the clinical management of Merkel cell carcinoma, including sentinel lymph node biopsy and adjuvant therapy, to guide the multidisciplinary care of this malignancy;
3) Analyze recent scientific data on the pathogenesis of Merkel cell carcinoma in relation to outcomes and emerging therapies.
Moderators: Christopher K. Bichakjian, MD, FACMS; Siegrid S. Yu, MD, FACMS

10:30 – 10:45 am

Break
*(CME Not offered)*

10:45 am – 12:00 pm

**Pathology Pearls/DermPath Challenges in Mohs Surgery**
*(1.25 Credit Hours)*
At the conclusion of this session, participants should be able to:
1) Differentiate true perineural invasion (PNI) from histologic mimics of PNI;
2) Recognize false positive pitfalls for Mart-1 staining when using Mohs for lentigo maligna;
3) Identify differentiating features for Merkel cell carcinoma.
Moderators: Brian Swick, MD; Marta J. VanBeek, MD, FACMS
Speakers: Nkanyezi Ferguson, MD; Hillary Johnson, MD, PhD, FACMS

11:30 am – 6:30 pm

Exhibit Hall Open

12:00 – 1:30 pm

**ACMS Annual Business Meeting & Lunch**
*(Non-CME session)*
At the conclusion of this session, participants should be able to understand past and future activities, achievements, and goals of the ACMS.
Moderator: J. Ramsey Mellette, Jr., MD, FACMS

◆ Represents advanced expertise level
1:30 – 2:30 pm

2-Minute Pearl Session
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to enumerate novel variants of established techniques and prioritize alternative approaches to the unique circumstances presented by the speakers in their practices.
Moderators: Christopher J. Arpey, MD, FACMS; Randall K. Roenigk, MD, FACMS; John A. Zitelli, MD, FACMS
Speakers: Kattie J. Allen, MD; John D. Boyer, MD, FACMS; David G. Brodland, MD, FACMS; Peggy L. Chern, MD, FACMS; Leslie J. Christenson, MD; Michael B. Colgan, MD; Joel Cook, MD, FACMS; Michael J. Fazio, MD, FACMS; Amanda Jacobs, MD, FACMS; Robert J. MacNeil, MD, FACMS; Jeremy Youse, MD

2:30 – 3:30 pm

Morbidity and Mortality
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Identify common or unique complications associated with cutaneous surgery;
2) Discuss preventative measures that can be used to avoid common complications of cutaneous surgery;
3) Identify and discuss the more devastating unanticipated complications of cutaneous surgery and ways to potentially avoid these complications.
Moderators: Jeremy S. Bordeaux, MD, MPH, FACMS; Jerry D. Brewer, MD, FACMS
Guest Panelist: Mark A. Varvares, MD, FACS
Panelists: Mary E. Maloney, MD, FACMS; Stanley J. Miller, MD, FACMS; Summer R. Youker, MD, FACMS

3:30 – 3:45 pm

Break
(CME Not offered)

3:45 – 5:00 pm

Transplant Dermatology
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Recognize the unique characteristics of skin cancer development in solid organ transplant recipients;
2) Develop therapeutic options for simple and complex tumors in organ transplant recipients;
3) Recall the need for a multidisciplinary approach to skin cancer prevention and treatment in organ transplant recipients.
Moderators: Marc D. Brown, MD, FACMS; Thomas Stasko, MD, FACMS
Speakers: Margaret Mann, MD, FACMS; Marcey Neuburg, MD, FACMS; Chrysalyne D. Schmults, MD, MSCE, FACMS; Teresa Soriano, MD, FACMS; Nathalie C. Zeitouni, MD, FACMS

• Represents advanced expertise level
Scientific Program – Saturday, May 2

7:00 – 8:15 am
Concurrent Morning Mini-Sessions

302.1 Refining Common Flaps & Grafts: Good to Great! ◆
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Assess the surgical defect with respect to symmetry, cosmesis, and 3-D ramifications;
2) Describe the advantages and disadvantages of different flaps and grafts for various defects;
3) Apply refinements to create the optimal flap and graft results.
Steven M. Rotter, MD, FACMS; Roberta D. Sengelmann, MD, FACMS

302.2 How to Engage your Legislator: Be a Voice for the ACMS
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Access policy and regulatory matters that influence the practice of medicine;
2) Develop strategies to interact with elected officials in a positive and meaningful manner;
3) Engage organized medicine to make your voice heard;
4) Recall the limitations of organized medicine in the political realm.
Emily L. Graham, RHIA, CCS-P; Dan H. Meirson, MD, FACMS; Brent R. Moody, MD, FACMS; Howard W. Rogers, MD, PhD, FACMS

302.3 Case-Based Nail Surgery ◆
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Develop a surgical algorithm and directed approach for a variety of nail tumor presentations;
2) Describe and demonstrate tangential (shave) techniques for a variety of nail tumor presentations;
3) Incorporate a specialized group of techniques (related to avulsion, bone rongeur, laboratory processing) when performing Mohs surgery for nail tumors.
Nathaniel J. Jellinek, MD, FACMS; Nicole F. Vélez, MD

302.4 Anatomy Pitfalls
(1.25 Credit Hours)
1) Correlate underlying facial anatomy preoperatively with their planned facial dermatologic surgical procedure;
2) Recall the multiple branches of the facial nerve as to location and innervation so as to preserve function and avoid complications;
3) Identify pitfalls/complications which may occur when facial and neck anatomic structures are violated in Mohs surgery, so as to increase avoidance measures and how to deal with complications in facial anatomy.
Hubert T. Greenway, Jr., MD, FACMS; Gary P. Lask, MD, FACMS

8:00 am – 2:00 pm
Exhibit Hall Open

8:30 – 9:30 am
PDT and Other Neoadjuvant Therapies
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Describe the role of photodynamic therapy in skin cancer management;
2) Describe the role of radiation therapy in skin cancer management;
3) Describe the role of other adjuvant therapies in skin cancer management.
Moderator: Daniel I. Wasserman, MD
Guest Speaker: Christopher A. Barker, MD

9:30 – 10:45 am
High Risk Skin Cancer of the Head and Neck
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify tumors which require multidisciplinary care;
2) Describe surgical and radiologic approaches for treatment of locally advanced tumors of the head and neck including those with nodal metastases;
3) Recall adjuvant, salvage and palliative chemotherapy options for patients with different stages of disease.
Moderator: Chrysalyne D. Schmults, MD, MSCE, FACMS
Guest Panelists: Christopher A. Barker, MD; Svetomir N. Markovic, MD, PhD; Mark A. Varvares, MD, FACS

302.5 Fine-tuning your Surgical Scars after the Fact
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify the types of scars commonly seen after Mohs surgery and characterize the types of scars amenable to conservative therapies;
2) Describe the indications for laser scar treatment and identify scar types appropriate for different types of laser therapy;
3) Discriminate scars requiring surgical revision from other scar types and describe the appropriate surgical interventions for these scars.
George J. Hruza, MD, FACMS; Ian A. Maher, MD, FACMS

8:00 am – 2:00 pm
Exhibit Hall Open

8:30 – 9:30 am
PDT and Other Neoadjuvant Therapies
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Describe the role of photodynamic therapy in skin cancer management;
2) Describe the role of radiation therapy in skin cancer management;
3) Describe the role of other adjuvant therapies in skin cancer management.
Moderator: Daniel I. Wasserman, MD
Guest Speaker: Christopher A. Barker, MD

9:30 – 10:45 am
High Risk Skin Cancer of the Head and Neck
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify tumors which require multidisciplinary care;
2) Describe surgical and radiologic approaches for treatment of locally advanced tumors of the head and neck including those with nodal metastases;
3) Recall adjuvant, salvage and palliative chemotherapy options for patients with different stages of disease.
Moderator: Chrysalyne D. Schmults, MD, MSCE, FACMS
Guest Panelists: Christopher A. Barker, MD; Svetomir N. Markovic, MD, PhD; Mark A. Varvares, MD, FACS

◆ Represents advanced expertise level
Scientific Program – Saturday, May 2

10:45 – 11:00 am
Break
(CME Not offered)

11:00 am – 12:00 pm
Melanoma Update: Sentinel Node Biopsy and the New Era of Systemic Therapy
(1.00 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Cite and interpret the data forming the current guidelines for sentinel node biopsy for melanoma;
2) Identify those who should, and those who should not be considered for sentinel node biopsy for melanoma;
3) Explain targeted therapies in the new era of systemic therapy options for metastatic melanoma.
Moderator: Timothy M. Johnson, MD, FACMS
Guest Speaker: Svetomir N. Markovic, MD, PhD

12:00 – 1:00 pm
Lunch in the Exhibit Hall
(CME Not offered)
— and —
Women’s Dermatology Society Luncheon
(CME Not offered)

1:00 – 2:00 pm
Mohs Registry Update
(Non-CME session)
Members of the ACMS Registry and Outcomes Committee will update the ACMS membership on the development of a Mohs surgery registry.
At the conclusion of this session, participants should be able to:
1) Recall the selection process for identifying the essential data fields and elements for inclusion in the ACMS Registry;
2) Recall the consensus definition of basal cell carcinoma and squamous cell carcinoma recurrence and the proposed method for tracking recurrence data;
3) Recall the rationale and methodology for selection of surgical complications for inclusion within the registry and reporting methodology;
4) Recall the options for registry implementation and data utilization.
Moderator: Oliver J. Wisco, DO, FAAD
Speakers: Sarah T. Arron, MD, PhD; Ashish C. Bhatia, MD, FACMS; Justin J. Leitenberger, MD; Ian A. Maher, MD, FACMS; Howard W. Rogers, MD, PhD, FACMS

2:00 – 3:00 pm
How Would You Reconstruct It? ♦
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Discuss and analyze various closure options for commonly encountered but challenging surgical defects;
2) Consider biomechanical factors that aid in the selection of one flap closure versus another;
3) Identify nuances of flap design or execution that can potentially improve cosmetic and functional outcome.
Moderators: Glenn D. Goldman, MD, FACMS; Juan-Carlos Martinez, MD, FACMS
Panelists: Todd V. Cartee, MD; Jonathan L. Cook, MD, FACMS; Joy H. Kunishige, MD

3:00 – 3:15 pm
Break
(CME Not offered)

3:15 – 4:15 pm
Clinical Pearls Abstract Session
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to understand and identify new research developments in Mohs surgery and oncology.
Moderators: Sarah T. Arron, MD, PhD; Christopher J. Miller, MD, FACMS

4:15 – 5:15 pm
Tumor Board ♦
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Discuss the diverse clinical presentation and management of challenging cases of non-melanoma skin cancer in high risk patients;
2) Discuss unusual clinical presentations and management of malignant melanoma in high risk patients;
3) Discuss a multidisciplinary approach for aggressive cutaneous malignancy.
Moderators: Allison T. Vidimos, MD, FACMS; Fiona M. Zwald, MD, MRCPI, FACMS
Guest Panelists: Christopher A. Barker, MD; Svetomir N. Markovic, MD, PhD; Todd Stultz, MD, DDS; Mark A. Varvares, MD, FACS
Panelists: Christine Poblete-Lopez, MD, FACMS; Seaver Soon, MD

5:15 – 6:45 pm
Fellowship Training Directors’ Session
(Non-CME session)

6:45 – 7:30 pm
Fellows-in-Training Reception
(CME Not offered)
For Program Directors and current Fellows-in-Training only

◆ Represents advanced expertise level
7:30 – 8:30 am

**Digital Diagnostic Quality Control Exam Review**

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:
1) Recognize the false positives and false negatives in Mohs histopathology sections;
2) Improve dermatopathology skills to help distinguish benign findings from malignant processes;
3) Recognize errors in frozen-section tissue processing.

**Moderator:** Sumaira Z. Aasi, MD, FACMS

**Speakers:** S. Tyler Hollmig, MD; Kent J. Krach, MD, FACMS; Faramarz H. Samie, MD, PhD, FACMS; Seaver Soon, MD; Yaohui G. Xu, MD, PhD, FACMS

8:30 – 9:30 am

**Masters’ Pearls ♦**

(1.00 Credit Hour)

**Moderators:** David G. Brodland, MD, FACMS; John A. Zitelli, MD, FACMS

9:30 – 10:30 am

**Case Controversies ♦**

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:
1) Assess patients postoperatively for unexpected events and complications and manage appropriately when a clear-cut pathway is not evident;
2) Choose appropriate branch points among conflicting, but equally appropriate, evaluation and management approaches for complicated skin cancer patients;
3) Differentiate between difficult options for patients with high-risk or recurrent cancers, and challenging defects to repair.

**Moderators:** Christopher J. Arpey, MD, FACMS; Jeremy S. Bordeaux, MD, MPH, FACMS

**Speakers:** Nicole M. Annest, MD, MS, FACMS; Christopher K. Bichakjian, MD, FACMS; Nathaniel J. Jellinek, MD, FACMS; Daniel J. Pearce, MD, FACMS

10:30 am – 12:00 pm

**Concurrent MOC Sessions**

**MOC Self-Assessment: Office Safety**

(Non-CME session)

At the conclusion of this session, participants should be able to:
1) Assess and understand the key areas of how office-based safety pertains to the practice of dermatology;
2) Integrate and apply the concepts of office-based safety to improve office efficiency, safety, and satisfaction in the workplace of a dermatologic surgery practice;
3) Distinguish the most common as well as the most detrimental office-based safety issues pertaining to procedural dermatology.

**Moderator:** Christian L. Baum, MD, FACMS

**MOC Self-Assessment: Skin Cancer**

(Non-CME session)

At the conclusion of this session, participants should be able to:
1) Define the appropriate work-up and management for patients with certain types or risk factors for skin cancer;
2) Identify appropriate surgical and pharmacologic management options for patients with skin cancer as well as mechanisms of action and side effects of the pharmacologic agents;
3) Recognize the necessary components for self-assessment submission in the Maintenance of Certification program through the American Board of Dermatology.

**Moderator:** Daniel B. Eisen, MD, FACMS

**MOC Self-Assessment: Procedural Dermatology**

(Non-CME session)

**Moderator:** Vineet Mishra, MD

12:00 pm

**Meeting adjourns**

**Whitelist info@mohscollege.org**

To ensure you receive important communications from the ACMS including information regarding the Annual or Regional Meetings, messages from the President, the Membership Bulletin, member surveys and more, add info@mohscollege.org to the Safe Senders list in your email account. If you think you may not have received messages from the ACMS, check your Spam or Junk Mail folder and ‘whitelist’ info@mohscollege.org right away!

◆ Represents advanced expertise level
You are encouraged to visit the technical exhibits during the ACMS Annual Meeting. A variety of companies of interest to Mohs and dermatologic surgeons will be displaying their products, equipment, and services. Please be sure to visit the exhibit hall to learn about their quality offerings. A complete list of exhibitors, product descriptions, and a locator map will be provided with the on-site registration materials.

**Exhibit hall hours are:**
- Thursday, April 30 12:00 – 7:30 pm
- Friday, May 1 11:30 am – 6:30 pm
- Saturday, May 2 8:00 am – 2:00 pm

Registrations paid by credit card may either be mailed to the ACMS, 2015 Annual Meeting Registration, 555 East Wells Street, Suite 1100, Milwaukee, WI 53202, or faxed (make sure both sides of form are faxed) to (414) 276-2146. For questions about registration, please call (414) 347-1103 or email info@mohscollege.org. Cancellations before end of day February 26, 2015 will be refunded all registration fees minus a $200.00 administration fee. Refunds will not be given after that date.
FRIDAY, MAY 1

8:00 – 8:30 am
New Member Welcome Session

8:15 – 9:00 am
Continental Breakfast

9:00 – 10:15 am
General Session 1
9:00 am: Opening Remarks and Welcome
Jeanie Wade, HT (ASCP), ASMH President
9:15 am: Workshop Overview
Jeanie Wade, HT (ASCP); Robert Tagliaferro, HT
9:45 am: Melanoma Processing (Square vs. Slow Mohs)
Peggy L. Chern, MD, FACMS; Matthew C. Fox, MD

10:30 am – 12:00 pm
General Session 2
10:30 am: Immunohistochemistry
Robert L. Milewski, HT
11:00 am: CLIA
TBD

10:30 am – 12:00 pm
Cryostat Workshop

10:30 am – 12:00 pm
Immunohistochemistry Workshop

12:00 – 1:00 pm
Lunch in Exhibit Hall

1:00 – 2:45 pm
General Session 3
1:00 pm: An Atypical Day in the Lab
Kristin L. Cox, HT (ASCP)
1:45 pm: Perineural Invasion
Lee M. Miller, MD
2:15 pm: TBA
Manuel M. Perez

1:00 – 2:30 pm
Cryostat Workshop

3:00 – 4:30 pm
General Session 4
3:00 pm: Dermatopathology
Vineet Mishra, MD
3:30 pm: TBA
Alex G. Lutz, BS
4:00 pm: The Cutting Edge (And What Disease May Be On It)
Kimberly R. Brock, BS, HT (ASCP)

3:00 – 4:30 pm
Cryostat Workshop

3:00 – 4:30 pm
Immunohistochemistry Workshop

5:00 – 6:30 pm
Networking Reception
SATURDAY, MAY 2

7:30 – 9:00 am
Cryostat Workshop

7:30 – 9:00 am
Immunohistochemistry Workshop

9:00 – 10:00 am
ASMH Business Meeting and Breakfast

10:00 am – 12:00 pm
General Session 5
10:00 am: 2015 Abstract Award Winner
To Be Announced
10:15 am: CAP
TBD
11:00 am: Troubleshooting Open Forum
TBD

12:00 – 1:00 pm
Lunch in the Exhibit Hall

1:00 – 2:45 pm
General Session 6
1:00 pm: Reconstructions
Juan-Carlos Martinez, MD, FACMS
1:30 pm: Workflow in the Mohs Lab
Daniel H. Gong, MS
2:00 pm: Grossing in Critical Areas of the Lip and Eyelids
Anthony M. Rossi, MD

2:45 – 4:30 pm
General Session 7
2:45 pm: Communications in the Lab
Marc D. Brown, MD, FACMS; Elizabeth M. Billingsley, MD, FACMS; Jeremy S. Bordeaux, MD, MPH, FACMS
3:30 pm: Lab Ergonomics
TBD
4:00 pm: Embedding Challenges
Debbie Pruett

4:30 pm
Meeting adjourned

All ASMH members will receive meeting registration materials in early February. For additional details and program registration, please contact Mary Randall at (414) 918-9813.
