Dermabond Advanced

Celebrating 20 years of expertise in skin closure for excellent outcomes.

Strengthens
When used in addition to sutures, DERMABOND ADVANCED® Topical Skin Adhesive was shown ex vivo to add 75% more strength to the wound closure than sutures alone.1

Inhibits bacteria
Demonstrated in vitro inhibition of gram-positive bacteria (MRSA and MRSE) and gram-negative bacteria (E. coli).2*

Provides a microbial barrier
Provides a flexible microbial barrier with 99% protection in vitro for 72 hours against organisms commonly responsible for surgical site infections.2†

For more information, contact your representative or call 1-877-ETHICON.

1. Protocol to determine the strength benefits when adding DERMABOND ADVANCED® Topical Skin Adhesive to a wound or incision using suture as the primary closure, July 2012.

*Clinical significance is unknown.
†Staphylococcus epidermidis, Staphylococcus aureus, Escherichia coli, Enterococcus faecium, Pseudomonas aeruginosa.

For complete indications, contraindications, warnings, precautions, and adverse reactions, please reference full package insert.

Welcome from the President

Dear Colleagues,

On behalf of the ACMS Board of Directors, it is my honor to welcome you to Chicago for the 50th Annual Meeting of the American College of Mohs Surgery.

To have reached a milestone like this one while also having built such a diverse, experienced and deeply engaged membership over the course of these 50 years is truly remarkable. Though I’m certainly excited that this celebration happens to fall at the conclusion of my presidency, I am even more grateful and proud to be counted among the many, many talented Mohs surgeons who have played a part in the College’s evolution.

While we are all keenly aware of the meeting’s value as a means of education, we must also recognize its power as a tool of connection and renewal. Years and miles may lie between many of us, but the opportunity to come together again each year, revisit old friendships, create new ones, and engage one another in the kind of spirited dialogues that have advanced medicine for hundreds of years cannot be underestimated. This year and in the years ahead, there are sure to be challenges and opportunities that will demand our best thinking, but I am confident that the foundation Dr. Mohs and his contemporaries laid 50 years ago will support our efforts.

Speaking of support, our 50th year also marks a series of new opportunities to give back to the College in a meaningful way. You will learn more during the Business Meeting about how you can be a part of it.

Last but certainly not least, many thanks to Dr. John Carucci, chair of the Scientific Program Committee, for leading the development of a program that promises to be among our most cutting edge and comprehensive to date. Thanks also to Jeremy Bordeaux and the CME & Education Committee for their contributions, and to the ACMS staff for their work on the many details that make the meeting such an enjoyable and enriching experience for all.

Please join me for a very special 50th Anniversary Celebration on Saturday night that honors our past and looks toward a bright future. Check out the details on page 16. Thank you for being here and for all that you do to advance and support the Mohs College!

Sincerely,

Allison T. Vidimos, MD, RPh, FACMS
2017-18 ACMS President

Welcome from the Program Chair

Dear Colleagues,

I’m excited to welcome you to the 2018 ACMS Annual Meeting here in Chicago, where together we will celebrate the College’s 50th Anniversary. The Scientific Program Committee has worked to craft a program that focuses on a broad range of relevant topics. Some highlights include:

- The pre-conference Hand & Nail workshop will provide useful experience to beginner, intermediate and advanced nail surgeons in a small group setting.
- The pre-conference Hands-on Cutaneous Flap Workshop and the Mohs Surgery Histotechnology and Lab Set Up Workshop offer fellows-in-training valuable perspectives on important topics.
- The popular Morning Mini-Sessions have been tailored to meet interests in cutaneous oncology, reconstruction, patient safety, peri- and post-operative care, and more.
- Four experienced guest speakers will offer new perspectives: Shlomo Koyfman will discuss Working with Your Radiation Oncologist; Anna Pavlick will cover Novel Approaches to Aggressive Skin Cancers; former Acting U.S. Surgeon General Boris Lushniak will discuss skin cancer prevention through the lens of public health; Nirusha Lachman will again cover Case-Based Anatomy; and Drs. Koyfman and Pavlick will serve as panelists on a Tumor Board. John Kim, Bharat Mittal and Sandeep Samant will share their experiences with Multidisciplinary Care of Complex Tumors, an increasingly important part of what we do.
- Plenary sessions will feature highly engaging content on a variety of topics, including MIPS & MACRA, Transplant Oncology, Navigating EHRs, Establishing the ACMS Registry, and much more.

Thank you to Dr. Vidimos, the Scientific Program Committee, CME & Education Committee, staff, and others who helped plan this milestone meeting. I look forward to celebrating with you!

Sincerely,

John A. Carucci, MD, PhD, FACMS
Chair, 2018 Scientific Program Committee
The Market Leader in Cryotomy – Providing the Complete Mohs Solution

The CM1520 Cryostat delivers high-quality sections the fast, simple and efficient way.

**Frederic E. Mohs Award Recipient**

**Mary Maloney, MD, FACMS**

The ACMS would like to congratulate Dr. Maloney on being named the recipient of the 2018 Frederic E. Mohs Award for devoting considerable time and effort over many years to further the goals and objectives of the organization and to promote the specialty.

We salute you!

4:15 – 5:00 pm  Rapid Pearl Abstract Session (0.75 Credit Hour)  International Ballroom/Level 2

6:00 – 10:00 pm  **50th Anniversary Reception** (CME Not offered)  Offsite: Palmer House Hilton (see p. 15)

Professional Headshots

Available FREE to all meeting attendees (optional). On Saturday, May 5 from 12:00-2:00 pm in the Exhibit Hall, professional headshots will be taken by our photographer. Images will be sent electronically following the meeting for personal use. All photos will be taken on a first-come, first-served basis until 2:00 pm.

Digital Diagnostic Quality Control Exam

The Diagnostic Quality Control Exam is entirely online. This allows for more flexibility to review the slides, and allows completion of the exam before, during, and after the meeting. Instructions for accessing the digital DQC exam will be sent via the email address used for registration prior to the Annual Meeting. Access to the Diagnostic Quality Control Exam is $50 for ACMS members and free to fellows-in-training. Only ACMS members who register for the exam and complete it online will receive a certificate. Certificates are mailed approximately 4-6 weeks after the meeting. CME credit is not offered for taking the digital Diagnostic Quality Control Exam.
### Special Events

**Thursday, May 3**

5:30 – 7:30 pm • Exhibit Hall Grand Opening & Welcome Reception  
*Stevens Salon D/Lower Level*  
Don’t miss this chance to relax and unwind with colleagues. Hors d’oeuvres and beverages will be provided for your enjoyment.

6:30 – 8:00 pm • University of Wisconsin Department of Dermatology  
*Stevens Salon C-3/Lower Level*  
Welcoming all former fellows-in-training and friends of the UW-Madison Mohs surgery program to see old friends, make new friends, reminisce and celebrate 50 years.

7:00 – 8:30 pm • Zitelli and Brodland Reception  
*Stevens Salon C-4/Lower Level*  
Cocktail reception for all previous fellows of Drs. Zitelli and Brodland.

**Friday, May 4**

12:15 – 2:00 pm • ACMS Annual Business Meeting & Lunch  
*International Ballroom/Level 2*  
ACMS members are encouraged to attend the annual membership business meeting and lunch. This important meeting brings members up-to-date on issues of significance. The winners of the prestigious Frederic E. Mohs Award and Distinguished Service Award will be announced.

6:00 – 7:30 pm • SkinPAC Reception  
*Stevens Salon C-3 & C-4/Lower Level*

6:45 – 8:00 pm • Reception Introducing Fellows-in-Training  
*Waldorf Room/Level 3*  
ACMS & ACGME program directors and current fellows-in-training are invited to network, socialize and congratulate fellows-in-training on their upcoming graduation. The winner of the Tromovitch Award will be announced and hors d’oeuvres and beverages will be provided.

**Saturday, May 5**

12:00 – 1:00 pm • Women’s Dermatologic Society Networking Luncheon  
*Stevens Salon C-3 (Lower Level)*  
Open to all WDS Members and ACMS Meeting attendees, this luncheon will offer an opportunity to network with dermatologists at all levels in their careers. Lunch will be provided. WDS Members: $40; Residents: $35; Non-Members: $45. For details, contact Kim Schechter at kschechter@womensderm.org.

12:00 – 1:00 pm • National Association of VA Mohs Surgeons  
*Stevens Salon C-4/Lower Level*  
Network with other surgeons working in the VA system.

5:00 – 6:00 pm • Association of Professors of Dermatology, Dermatologic Surgery Section  
*Stevens Salon C-4/Lower Level*  
Networking, committee updates and informal presentations.

5:30 – 6:30 pm • Florida Fellowship-Trained Mohs Surgeons Annual Meeting (Private)  
*Stevens Salon C-3/Lower Level*

**Special Events**

**Saturday, May 5**

6:00 – 10:00 pm • 50th Anniversary Celebration Reception

*Palmer House Hilton, 17 East Monroe Street (transportation provided)*

Join colleagues and special guests to celebrate the 50th Anniversary of the American College of Mohs Surgery and honor the rich legacy of Dr. Frederic Mohs. Enjoy cocktails and hors d’oeuvres amid the historic charm of the Palmer House Hilton, where the College’s first meeting was held 50 years ago. Special invited guests will recount the early days of chemosurgery and the ACMS. Guests will be able to visit the room that held the first meeting 50 years ago. Prepare to enjoy the sounds of Chicago’s own The Night Shift Orchestra as they perform throughout this very special evening. You don’t want to miss this event! Tickets are available at the ACMS Registration Desk for $100. Celebrate in cocktail attire please.

**Sunday, May 6**

11:00 am – 12:00 pm • MOC Self-Assessment Session: Skin Cancer

*International Ballroom/Level 2*

The ACMS is offering an MOC Self-Assessment, which satisfies a portion of the self-assessment module of Component 2 in Maintenance of Certification with the American Board of Dermatology (ABD). Participants must complete the MOC Credit Form, available in the session on Sunday and return it to the ACMS Registration Desk. You must also update your ABD MOC tables to reflect the credits available for the session. Note: If you claimed MOC credits for ‘MOC: Skin Cancer’ at a previous ACMS Annual or Regional Meeting, you cannot claim MOC credits for ‘MOC: Skin Cancer’, at the 2018 Annual Meeting.

**Hotel & Travel Information**

**Hilton Chicago**

720 South Michigan Avenue, Chicago, IL 60605
(877) 865-5320

*Hotel website link available on the Registration/Hotel tab of www.mohscollege.org/annualmeeting*

- Magnificent location overlooking Grant Park, Lake Michigan, and the Museum Campus, home of Shedd Aquarium, Field Museum, and Adler Planetarium

Check-in time: 3:00 pm; Check-out time: 12:00 pm

Early check-in and late check-out are subject to availability and approval.

**Airports**

- Chicago-O’Hare International Airport (45 minutes/19 miles Northwest of Hilton Chicago)
- Chicago Midway Airport (30 minutes/11 miles West of Hilton Chicago)
- Gary-Chicago Airport (40 minutes/25 miles South of Hilton Chicago)

**Transportation from Airports**

For information on transportation options including taxi, shuttle, car service or rental, rail, bus, and more, visit the Hilton Chicago’s Maps & Directions page or O’Hare Airport’s Getting To and From page.

**Hilton Chicago Parking**

Self-parking (garage): $61 / Valet: $75 *(Rates exclude tax, prices subject to change)*

**Chicago Weather**

During early May: Average high: 64°F; Average low: 51°F
### Meeting Information

#### On-Site Registration

The registration desk will be open at the Hilton Chicago on the following days and times (*subject to change*):

- **Wednesday, May 2**: 1:00 – 6:00 pm
- **Thursday, May 3**: 6:30 am – 5:00 pm
- **Friday, May 4**: 6:30 am – 5:00 pm
- **Saturday, May 5**: 6:30 am – 4:00 pm

#### Photography and Recording Policy

Photography or video or audio recording of sessions, materials presented in sessions, or exhibits without express written permission from the ACMS is strictly prohibited. Any photos, video or audio taken by or on behalf of the ACMS of the meeting activities and attendees shall be property of the ACMS.

There will be a professional photographer onsite documenting the meeting and social events. By attending the meeting, you agree to be photographed. Photos may be used in future promotional materials, ACMS publications, websites and social media, or other formats controlled by the ACMS.

#### Restriction on Minors

Children under 18 years of age are NOT permitted to enter the Exhibit Hall at any time during the meeting. This restriction includes installation, exhibition and dismantling hours. If children are present, they will be required to leave the hall immediately.

#### Use of Mobile Devices

Mobile devices including phones, tablets or other electronics may be used during sessions to access the Annual Meeting mobile app; however, please ensure these devices are silenced.

#### Annual Meeting Mobile App

In addition to responding to in-session live polls, attendees are strongly encouraged to complete evaluations for the sessions they attended. This can also be done quickly and easily via the meeting app, from your mobile device, laptop or desktop:

1. Go to the Annual Meeting app: www.eventmobi.com/app/acms18 (see p. 14 for directions and screen shots on how to add the app icon to your home screen for quick access)
2. Tap Program, then tap a session you attended (select sessions by date using the date menu bar at the top of the screen). The short session evaluation is located under the Session Feedback heading, below the speakers and description for that session.
3. For each question, tap your response and tap ‘Submit’ to advance to the next question. Repeat for as many sessions as you attended.

The ACMS needs this feedback for ACCME accreditation purposes, and evaluation results are used in planning for next year’s meeting. Your feedback is appreciated.

#### Lost & Found

Please notify staff at the ACMS Registration Desk if you have lost or found an item during the course of the meeting.

#### Special Needs

The ACMS wishes to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of auxiliary aids and/or service(s). If you need an auxiliary aid or service(s) identified in the Americans with Disabilities Act, or if you have any health issues for which you may require special accommodations or assistance, please notify the ACMS staff at the Registration Desk.

#### Policy on Pets and Service Animals

The ACMS prohibits pets in any meeting spaces, with the exception of service animals providing Americans with Disabilities Act (ADA) reasonable accommodations for a person with disabilities. According to the ADA, a service animal is defined as “any animal individually trained to work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals to an impending seizure or protecting individuals during one, and alerting individuals who are hearing impaired to intruders, or pulling a wheelchair and fetching dropped items.” Attendees may be asked to provide proof of service animal status and/or licensure. Service animals must wear an owner identification tag (which includes the name and phone number of the owner) at all times. Animals must be on a leash, harness or other type of restraint at all times, unless the owner/partner is unable to retain an animal on leash due to a disability. The owner must be in full control of the animal at all times. The care and supervision of the animal is solely the responsibility of the owner/partner.

#### WiFi Connection Instructions

To access the Internet in meeting spaces:

1. Go to the wireless settings on your device.
2. Join the wireless network named **Mohs2018**
3. When prompted for a password/WPA2 key, enter **fredmohs**

The complimentary wireless service available in guest rooms uses a different network and password than noted above for the meeting spaces.
CME Information and Learning Objectives

Accreditation Statement
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the sponsorship of the American College of Mohs Surgery (ACMS). The ACMS is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement
The ACMS designates this live activity for a maximum of 28.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistant Credit
The American Academy of Physician Assistants (AAPA) accepts AMA PRA Category 1 Credit(s)™ from organizations accredited by the ACCME. Physician Assistants attending the Annual Meeting can submit certificates or transcripts showing how many physician CME credits were offered for an activity to the AAPA and get them “converted” to PA CME credit. The AAPA also grants and counts AMA PRA Category 1 Credit(s)™, but those are specifically for PAs and have to come from a provider accredited by the AAPA. Both groups label their credits Category 1 CME, but the labels, though they read the same, refer to different evaluations.

Disclosure of Conflicts of Interest
To comply with the ACCME Standards of Commercial Support on the need for disclosure and monitoring of proprietary and financial interests that may affect the scientific integrity and balance of content delivered in continuing medical education activities under our auspices. The ACMS requires that all CME certified activities be developed free from the control of a commercial interest and be balanced, objective, and scientifically rigorous. Anyone with the ability to affect the content of an educational activity must disclose relevant financial relationships with health organizations producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACMS will disclose faculty and commercial relationships at the Annual Meeting.

Disclosure of Discussion of Non-FDA Approved Uses for Pharmaceutical Products and/or Medical Devices
The ACMS requires that all faculty presenters identify and disclose any off-label uses for pharmaceutical and medical device products. The ACMS recommends that each physician fully review all the available data on new products or procedures prior to instituting them with patients.

Disclaimer
The views expressed and the techniques presented by the speakers of the ACMS-sponsored educational meetings are not necessarily shared or endorsed by the College. Anyone with the ability to affect the content of an educational activity must disclose relevant financial relationships with health organizations producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients, as well as any unapproved or off-label uses of medical devices or pharmaceutical agents that they discuss, describe, or demonstrate during their presentations. Meeting attendees should use their independent judgment in applying the information discussed in these educational sessions in the treatment of patients.

Learning Objectives
Upon completion of the Annual Meeting, participants will be able to describe the latest advances in the treatment of skin cancer, discuss recent research findings in the area of Mohs micrographic surgery and cutaneous oncology, and explain new techniques in reconstruction that promote optimal surgical outcomes.

Specific learning objectives, upon completion of the ACMS Annual Meeting, include:

- Design and execute routine and advanced reconstructions of the lip, nose, eyelid and ear;
- Describe current recommendations for diagnosis and treatment of melanoma, and Merkel cell cancer;
- Recall the benefits and techniques involved in utilizing immunohistochemistry in the treatment of melanoma and nonmelanoma skin cancers;
- Refine reconstruction techniques to improve scars post Mohs micrographic surgery;
- Identify options for treatment of nonmelanoma skin cancer when the patient is not a candidate for the initial choice of treatment;
- Identify anatomic landmarks and integrate knowledge of those landmarks into the practice of Mohs micrographic surgery;
- Recognize potential errors in frozen section examination of skin cancers and develop ways to minimize those errors;
- Describe essential principles to optimize surgery of the nail unit;
- Explain proper billing and coding practices for Mohs and reconstructive surgery;
- Maximize collaboration with surgical colleagues in other disciplines to improve patient outcomes postoperatively;
- Identify elements of the preoperative history that require management preoperatively;
- Review the most recent literature regarding dermatologic surgery, advances in the care of nail disease, and melanoma;
- Describe recent developments in the management of skin cancer in organ transplant recipients.
Get the Meeting App!

www.eventmobi.com/app/acms18

The Annual Meeting app is optimized for all devices—phones, tablets and laptops—across mobile platforms like iOS, Android and Windows. Get real-time notifications, respond to live polls, download handouts, complete session evaluations, and sign in to create a custom schedule, save notes, or connect with colleagues.

1. visit www.eventmobi.com/app/acms18
   Tap “Get the App” button. The app will automatically download from your app store and launch the event.

2. Tap Login at upper right. Enter the email address you used to register for the meeting; this allows full use of all features. NOTE: EventMobi’s orange ‘E’ icon will appear on your home screen; use this to access the app throughout the meeting.

If you choose to view the app in a web browser, follow the on-screen prompts to add the app icon to your home screen. Bookmark and return to www.eventmobi.com/acms18.

Features

- Tap a session for description, time, location, speakers, handouts & more
- View faculty and panelists, as well as guest speaker bios
- Handouts, slide decks & other information shared by speakers
- WiFi instructions, special event details, links & much more
- Respond to in-session live polls in real time
- Complete session and meeting evaluations quickly and seamlessly
- Find colleagues, edit your profile, connect via 1-1 or group chat
- View a listing of exhibitors by category or booth location
- Hotel, meeting space & Exhibit Hall floor plans
- Share your experience via Facebook and Twitter right from the app
Think the last 50 years have been great?

Wait until you see what’s next...

Join colleagues at the Business Meeting from 12:15–2:00 pm on Friday, May 4 to learn more!
The ASMH offers customized, hands-on training sessions through its Mohs Technician Quality Assurance (MTQA) Training Program. Offered exclusively to technicians currently working for ACMS member surgeons, this on-site training will include lecture and hands-on training on topics such as mapping and inking, embedding, staining, cryosectioning, CLIA regulations, troubleshooting, and more.

**Thursday, June 21 - Friday, June 22, 2018**
8:30 am - 3:30 pm  
Avantik Academy Mohs Training Campus, 32 Commerce Street, Springfield, NJ 07081

**Thursday, October 18 - Friday, October 19, 2018**
8:30 am - 3:30 pm  
Avantik Academy Mohs Training Campus, 32 Commerce Street, Springfield, NJ 07081

ASMH members: $750 / Non-members: $1,000  
Non-member registration will include ASMH membership through 2018.  
$50 discount per trainee for practices sending more than one tech

Upon completion, trainees can claim 12 CEUs through the National Society for Histotechnology and will receive a certificate of completion from the ASMH/ACMS. For more information about the MTQA Training Program or customized training opportunities, click here or contact the ASMH office at (414) 918-9813 or info@mohstech.org.

For details, hotel reservations, and to register, visit www.mohstech.org/mtqa18
"These scissors are like Goldilocks - not too big, not too small - just right! I like sharp tips to initiate undermining. I like straight blades to undermine and elevate even thickness flaps. I like the strong blades that can handle scar tissue, yet small enough for fine work. Finally, I like how they are sharp and stay sharp." — John Zitelli, M.D.

**Supercut Tungsten Carbide Scissors**

105-407SC-TC
Iris Supercut & Tungsten Carbide, serrated edge, 4 1/2” curved

105-540SC-TC
Supercut and Tungsten Carbide Baby Metz, curved, serrated, 4 1/2”

105-0930
Zitelli Supercut and Tungsten Carbide, curved, delicate, sharp tips, serrated edge, 4 1/2”

105-0931
Zitelli Supercut and Tungsten Carbide, straight, delicate, sharp tips, serrated edge, 4 1/2”

The Tiemann Supercut Tungsten Carbide Scissors combine the hardness of the Tungsten Carbide and the sharpness of the Supercut scissors.

Supercut Tungsten Carbide scissors have a welded-in carbide insert. The welding process creates a seamless and homogenous connection.

There is no soldered seam that can lead to failure or corrosion. They have a precise cutting edge with micro serrations that create a fine, minimally traumatic cut.
Guest Speaker Biographies

**RADM (Ret.) Boris D. Lushniak, MD, MPH**

Rear Admiral retired Boris D. Lushniak, MD, MPH, has been Dean of the School of Public Health at the University of Maryland since January 2017. He was the US Deputy Surgeon General from 2010-15, assisting the Surgeon General to articulate the best available scientific information to the public to improve personal health and the health of the nation. He also oversaw the operations of the U.S. Public Health Service (USPHS) Commissioned Corps, comprised of approximately 6,700 uniformed health officers who serve in locations around the world to promote, protect, and advance the health and safety of our nation. Dr. Lushniak served as Acting Surgeon General from 2013-14 and was responsible for the release of the 50th Anniversary Surgeon General’s Report on Smoking and Health and the first-ever Surgeon General’s Call to Action to Prevent Skin Cancer. He retired from the USPHS in 2015 after 27 years of service, and maintains certifications in dermatology and preventive medicine.

**Shlomo Koyfman, MD**

Dr. Koyfman is an assistant professor in the Departments of Radiation Oncology and Bioethics at Cleveland Clinic. He graduated from Yale Medical School and completed his radiation oncology training at Cleveland Clinic. He specializes in head and neck and skin cancers as well as advanced radiation planning techniques. He served on the NCI steering committee task force for head and neck cancer and is a member of the Head and Neck Cancer Committee of the NRG Oncology cooperative group.

**John Y. Kim, MD**

Dr. Kim is a professor of surgery at Northwestern University Feinberg School of Medicine with a clinical practice that focuses on breast cancer reconstruction. He was educated at Harvard College and received graduate degrees in Medicine and English Literature from Stanford University. He completed an integrated plastic surgery program at Baylor and did his fellowship with Dr. Neil Ford Jones at UCLA. He is an associate editor of PRS and chair of the American Society of Plastic Surgery Breast and Body Symposium. He has published more than 170 peer reviewed papers, holds 16 issued patents, and has founded two startup companies focused on novel medical devices.

**Nirusha Lachman, PhD**

Dr. Lachman is a professor in the Department of Anatomy, College of Medicine with joint appointment in the Department of Surgery, Division of Plastic Surgery at Mayo Clinic. Her primary focus lies in integrating anatomy education for everyday practice, and she is one of few clinical anatomists in the world who works collaboratively on a daily basis with clinicians in a practice-based setting. In her 20-year career as a clinical anatomist, Dr. Lachman has contributed more than 74 scientific publications in peer reviewed journals, 16 book chapters and numerous abstract publications, and national and international presentations.

**Bharat B. Mittal, MD, FACC, FASTRO**

Dr. Mittal is the professor and chairman of Radiation Oncology at the Feinberg School of Medicine at Northwestern University, and over the past three decades has been actively engaged in caring for patients with head and neck cancers, lymphomas and skin cancers, as well as mentorship, research, administration and public service. At the institutional, regional and national levels he has served as president of the Metropolitan Association of Radiation Oncology, the Council of Affiliated Regional Radiation Oncology Societies, and the Society of Chairs of Academic Radiation Oncology Programs. He has also served on the Board of Directors of the American Society of Radiation Oncology and has been a member of the Radiological Devices Panel of the Food & Drug Administration, Head and Neck Cancer Task Force of the American Board of Radiology and Head and Neck Cancer Panel of the National Cancer Care Network. Dr. Mittal has co-authored more than 200 peer-reviewed articles and abstracts and has served as an ad hoc reviewer for numerous journals. He has worked to pioneer research to understand the mechanism and mitigate speech and swallowing disorders resulting from radio-chemotherapy in head and neck cancers, as well as the use of innovative technologies and various combinations of chemotherapy and novel agents with radiation to improve survival and reduce toxicities in various malignancies.

**Anna C. Pavlick, BSN, MSc, DO, MBA**

Dr. Pavlick is a professor of Medicine and Dermatology in the Division of Medical Oncology at NYU School of Medicine. She also serves as medical director of the NYU Cancer Center Clinical Trials Office, co-director of the NYU Melanoma Program and assistant director of NYU Clinical Research and Education with responsibilities in the areas of melanoma and translational research. Dr. Pavlick’s academic practice focuses on clinical research in cutaneous malignancies.

**Sandeep Samant, MD**

Dr. Samant is chief of head and neck surgery and director of Northwestern multidisciplinary head and neck program. He completed fellowship training in head and neck oncologic and skull base surgery in 1996 and has performed more than 8,000 operations for head and neck cancer. His clinical and research interests include management of oral, oropharyngeal, laryngeal, nasal, sinus and thyroid cancer. He specializes in minimally invasive surgery utilizing robotic and endoscopic techniques.
Invited Faculty and Guest Speakers

(as of 4/14/18)

Sumaira Z. Aasi, MD, FACMS, Stanford University School of Medicine, Redwood City, CA
Murad Alam, MD, MSCI, MBA, FACMS, Northwestern University/Dermatology, Chicago, IL
John G. Albertini, MD, FACMS, The Skin Surgery Center, Winston-Salem, NC
Sarah T. Arron, MD, PhD, FACMS, UCSF, San Francisco, CA
Earl E. Bain, III, MD, Bain Dermatology, Raleigh, NC
Katharine L. Ball, MD, FACMS, California Skin Institute, Mountain View, CA
Anna A. Bar, MD, FACMS, Oregon Health & Science University, Portland, OR
Rupert B. Barry, MB, BCh, BAO, St. James’ Hospital, Dublin, Ireland
S. Alison Basak, MD, MA, Forefront Dermatology, St. Louis, MO
Ramona Behshad, MD, Saint Louis University, St. Louis, MO
Kristin Bibe, MD, PhD, University of Pittsburgh, Pittsburgh, PA
Christopher K. Bichakjian, MD, FACMS, University of Michigan, Ann Arbor, MI
Elizabeth M. Billingsley, MD, FACMS, Penn State Hershey Medical Center, Hershey, PA
William H. Black, MD, FACMS, University of Mississippi Medical Center, Jackson, MS
Travis W. Blalock, MD, FACMS, Emory University, Atlanta, GA
Adam B. Blechman, MD, NYU Langone, New York, NY
Jeremy S. Bordeaux, MD, MPH, FACMS, University Hospitals Cleveland Medical Center, Shaker Heights, OH

MohsAIQ is the national data registry of the American College of Mohs Surgery. MohsAIQ, pronounced “mosaic,” stands for Mohs Advancing and Improving Quality and will provide meaningful data about your patients and your performance so you can improve outcomes and maximize results under new payment models.

Why participate in MohsAIQ?

- Advance the Mohs specialty
- Assess and improve quality
- Meet CMS reporting requirements
- Generate new clinical knowledge
- Improve performance and outcomes
- Demonstrate the value of Mohs surgery
- Demonstrate institutional commitment to quality
- Support the ACMS mission

For details on how to enroll, participate and access the registry, as well as answers to FAQs, visit:

www.mohscollege.org/registry

Questions? registry@mohscollege.org

Building the Future of Mohs Surgery • Visit Booth 112

Support a worthy cause and take advantage of great benefits for your practice:

Become a Member of The Skin Cancer Foundation

Benefits Include:

✓ Free patient brochures
✓ Inclusion in online physician finder, where you’ll be identified as an ACMS Member
✓ Potential media interviews

The Robins Fund for the Advancement of Mohs Surgery is open to all physicians who have completed a one-year fellowship in Mohs surgery. Other Skin Cancer Foundation membership opportunities are available.

Visit Booth 409 to Learn More.

SkinCancer.org/Member • development@skincancer.org • (212) 725-5176
Cut and stain perfect frozen sections

Buy a Tissue-Tek® Cryo³® Flex Cryostat, Mohs and a Histo-Tek® Mini Stainer plus consumables for only $25,000.00

Save $9,246

Enjoy the first and only cryostat with a Winged Chuck optimized for Mohs surgery. The Histo-Tek Mini Stainer is a perfect complement to the Tissue-Tek Cryo³ Flex Cryostat, Mohs for fast, reproducible and high quality slides.

**Fellows-in-Training Hands-on Cutaneous Flap Workshop**

*Stevens Salon A-5/Lower Level*
*(Non-CME Workshop)*

Workshop directors Drs. Mariah R. Brown, Jeremy Etzkorn and Ian A. Maher, alongside course faculty, will demonstrate and instruct fellows-in-training on how to perform multiple skin flaps on surgical training models. There will be one faculty member paired with two fellows-in-training for each surgical head. This will be an invaluable experience for fellows-in-training to gain individualized knowledge by working alongside experienced Mohs surgeons.

The workshop will take place at the Hilton Chicago, and the registration fee includes breakfast & lunch. (for workshop registrants only). Families and pets are not permitted in the workshop. Service animals must have proper documentation.

**Directors:** Mariah R. Brown, MD, FACMS; Jeremy Etzkorn, MD, FACMS; Ian A. Maher, MD, FACMS

**Faculty:** Ramona Behshad, MD; William H. Black, MD, FACMS; David R. Carr, MD, FACMS; Bryan R. Carroll, MD, PhD, FACMS; Laurin Council, MD, FACMS; Algin B. Garrett, MD, FACMS; S. Tyler Hollmig, MD; Todd E. Holmes, MD, FACMS; Justin J. Leitenberger, MD, FACMS; Misha D. Miller, MD, FACMS; Thuzar M. Shin, MD, PhD; Christine H. Weinberger, MD, FACMS; Ashley Wysong, MD, MS; Isaac Zilinsky, MD, FACMS

**Hand & Nail Workshop**

*Offsite – Northwestern University*
*(Non-CME Workshop)*

Directed by Dr. Christopher Miller, this workshop is geared toward all levels of nail surgeons, from beginner and intermediate to advanced levels. It offers small group, hands-on experience practicing a variety of nail surgery techniques. Participants will be instructed on how to avulse the nail in several fashions (partial and complete), perform multiple different nail procedures (including punch, shave, longitudinal techniques), and for those with more advanced background, treat nail melanoma with en bloc excision of all nail tissues and perform nail flaps. Approaches to patient assessment, including surgical planning, equipment/suture selection, and anatomical considerations to optimize outcomes will be covered. Anatomy as it relates to safe surgical technique will be stressed. Fresh frozen cadaveric hands that allow for realistic hands-on practice will be utilized.

The workshop will take place at the Northwestern University Simulation Lab, and shuttle service will be provided for participants.

**Director:** Christopher J. Miller, MD, FACMS

**Faculty:** Todd V. Cartee, MD, FACMS; Ashlynne H. Clark, MD; Ali A. Damavandy, MD; Aleksandar L.J. Krunic, MD, PhD, FACMS; Charlene Lam, MD, MPH; Brett Miller, MD; Adam Perry, MD; Joseph F. Sobanko, MD, FACMS; Ally-Khan Somani, MD, PhD, FACMS; Simon S. Yoo, MD

**Fellows-in-Training Mohs Surgery Histotechnology & Lab Set up Workshop**

*Stevens Salon C-6/Lower Level*
*(Non-CME Workshop)*

A high-quality microscopic slide is critical for complete diagnostic interpretation, resulting in optimal patient care. This workshop will cover grossing/mapping, embedding, hands-on cryosectioning and routine staining. How does the surgical component affect the laboratory outcome? We will also discuss lab set up, including the CLIA application process.

**Director:** Linda Cesario, DPM, HT (ASCP)
Scientific Program – Thursday, May 3

7:00 – 8:15 am

Concurrent Morning Mini-Sessions

103.1 Eyelid and Periocular Reconstruction
Stevens Salon A-1/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Develop reproducible strategies for minimization of eyelid displacement and scarring;
2) Describe methods of flap and graft design and execution that enhance tissue delivery and vascular perfusion;
3) Detect key anatomic landmarks and dissection planes for pedicled and interposition flaps of the eyelid.
John G. Albertini, MD, FACMS; Joseph F. Sobanko, MD, FACMS

103.2 Non-melanoma Skin Cancer Staging
Stevens Salon A-2/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify high-risk features of non-melanoma skin cancers;
2) Categorize non-melanoma skin cancers by different staging systems;
3) Utilize appropriate management strategies for high-stage non-melanoma skin cancers.
Emily S. Ruiz, MD, MPH

103.3 Starting a Mohs Practice: What to do
Stevens Salon A-3/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify needs of Mohs suite;
2) Arrange effective implementation and maintenance of lab and surgical suites;
3) Plan for execution of daily operations.
Mary Stevenson, MD; Agnieszka K. Thompson, MD

103.4 Anticoagulants and the Mohs Patient
Stevens Salon A-4/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Distinguish between the most commonly used traditional and novel antiplatelet and anticoagulant medications and their mechanisms of action and identify common non-prescription supplements that contribute to increased bleeding during surgery;
2) Compare the risk of surgical bleeding complication associated with different prescription and non-prescription medications and supplements;
3) Explain the pre-, peri-, and post-operative management of patients taking medications that increase risk for bleeding and how to manage potential complications.
Elise Ng, MD; Nikki D. Tang, MD; Ashley Wysong, MD, MS

103.5 Refining Staged Repair Techniques
Stevens Salon A-5/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Describe modifications to improve cosmetic and functional outcomes of staged reconstructions;
2) Identify and avoid common pitfalls with staged surgical reconstructions.
Mariah R. Brown, MD, FACMS; Todd E. Holmes, MD, FACMS

8:30 – 9:00 am

Welcome & AAD Update
International Ballroom/Level 2
(0.50 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Identify the activities of the ACMS and its many committees;
2) Recognize the AAD’s strategic focus and some of the activities in place to advance it;
3) Recognize the challenges and opportunities that the ACMS and AAD will face in the coming year.
Allison T. Vidimos, MD, RPh, FACMS, ACMS President; John A. Carucci, MD, PhD, FACMS, Scientific Program Chair; Suzanne Olbricht, MD, FACMS, AAD President

9:00 – 9:45 am

Literature Review
International Ballroom/Level 2
(0.75 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Identify the most important articles published in the last year most relevant to dermatologic surgery;
2) Examine articles pertaining to advances in the care of nail disease and melanoma;
3) Apply newly gained knowledge to improve patient care.
Moderators: Jerry D. Brewer, MD, FACMS; Naomi Lawrence, MD, FACMS
Speaker: Nathaniel J. Jellinek, MD, FACMS

9:30 am – 7:30 pm

Exhibit Hall Open
Stevens Salon D/Lower Level

9:45 – 10:00 am

Break in the Exhibit Hall
Stevens Salon D/Lower Level
(CME Not offered)
Scientific Program – Thursday, May 3

10:00 – 11:00 am

Tromovitch Award Abstract Session

*International Ballroom/Level 2*

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:
1) Identify recent advances in cutaneous oncology and pathology;
2) Recognize the current state of the practice of Mohs surgery;
3) Recall young investigators’ research and scholarly activities.

*Moderators: Cerrene N. Giordano, MD (2017 Tromovitch Award Abstract Winner); Michel A. McDonald, MD, FACMS (2017 Scientific Program Chair)*

10:00 – 10:07 am

Post-Procedural Perceptions Amongst Geriatric Patients Regarding Mohs Micrographic Surgery for Treatment of Non-Melanoma Skin Cancer

S. Alison Basak, MD, MA1; Nicholas J. Golda, MD2; Allison Sindle, MD2

1. Forefront Dermatology, St. Louis, MO
2. University of Missouri–Columbia, Columbia, MO

10:08 – 10:15 am

Risk Factors for Skin Cancer after Hematopoietic Cell Transplantation

Jeffrey F. Scott, MD1,2; Kevin R. Brough, MD3; Konstantin V. Grigoryan, MD3; Grace Y. Kim, BS4; Ruzica Conic, MD1,2; Sheena Tsai, BS1,2; Jerry D. Brewer, MD1; Christian L. Baum, MD1; Mark R. Litzow, MD1; William J. Hogan, MB, BCH5; Minal S. Patnaik, MBBS6; Shahrkh K. Hashmi, MD7; Hillard M. Lazarus, MD3; Jeremy S. Bordeaux, MD1; S. Alison Basak, MD2; Emily DeGolian, MD1; Swati Kannan1; S. Brian Jiang, MD1

1. University Hospitals Cleveland Medical Center, Cleveland, OH
2. Case Western Reserve University School of Medicine, Cleveland, OH
3. Mayo Clinic, Rochester, MN

10:16 – 10:23 am

The Comparative Efficacy of N95, Laser, and Procedural Mask Filtration of Electrocautery Smoke Particulate Matter

Emily de Golian, MD1; Swati Kannan1; S. Brian Jiang, MD1

1. University of California-San Diego, San Diego, CA

10:24 – 10:31 am

The Utility of Imaging in Squamous Cell Carcinoma of the Nail Unit

Melanie A. Clark, MD1; Thomas J. Knackstedt, MD2

1. Medical College of Wisconsin, Milwaukee, WI
2. Cleveland Clinic Foundation, Cleveland, OH

10:32 – 10:39 am

Mohs Micrographic Surgery for SEER Registry-Captured Melanoma in situ and Other Rare Cutaneous Tumors: Comparing National Utilization Patterns Before and After Implementation of the Affordable Care Act (2010) and Appropriate Use Criteria (2012)

Sean Condon, MD1; Thomas J. Knackstedt, MD1

1. Cleveland Clinic Foundation, Cleveland, OH

10:40 – 10:47 am

Prediction of Poor Outcomes for Cutaneous Squamous Cell Carcinoma in Immunosuppressed Patients using American Joint Committee on Cancer 8th Edition and Brigham and Women’s Hospital Staging Systems

Adam B. Blechman, MD1; John A. Carucci, MD, PhD1; Mary Stevenson, MD1

1. NYU Langone, New York, NY

10:48 – 10:55 am

Advanced Age and Skin Cancer Treatment: Functional Status and Outcomes

Adam V. Sutton, MD, MBA1,2; Shauna Higgins, MD2; Alex Ly, RN2; Shera Feinsteins2; Ryan Gilbertson1; Hugh T. Greenway, Jr., MD1; Ashley Wysong, MD, MS3

1. Scripps Clinic, La Jolla, CA
2. Keck Medicine of USC & LAC+USC Medical Center, Los Angeles, CA

11:00 am – 12:00 pm

Working with Your Radiation Oncologist

*International Ballroom/Level 2*

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:
1) Describe indications for radiotherapy in treating patients with non-melanoma skin cancers;
2) Review various techniques of radiotherapy and their respective side effect profiles;
3) Explore limitations to radiotherapy in high-risk disease and highlight opportunities for incorporating additional therapies.

*Moderator: Allison T. Vidimos, MD, RPh, FACMS*

*Guest Speaker: Shlomo Koyfman, MD*

12:00 – 1:00 pm

Networking Lunch in the Exhibit Hall

*Stevens Salon D/Lower Level; seating in Stevens Salon C*

(CME Not Offered)

Enjoy lunch and the time to network with your colleagues!

Scientific Program – Thursday, May 3

3:55 – 4:01 pm

Sarcomatoid Variant of Cutaneous Squamous Cell Carcinomas: Analysis of Cases Found at a Single Tertiary-Referral Center Over 18 Years

Kristin Bibee, MD, PhD; Bryan T. Carroll, MD, PhD; Vladamir Lamm, MD; Melissa Pugliano-Mauro, MD; Timothy Patton, DO

1. University of Pittsburgh, Pittsburgh, PA

4:03 – 4:09 pm

Fetal Bovine Collagen Matrix: Our Experience with 46 Patients Including Case Examples and Proper Coding and Billing of a Novel Outpatient Product

Katarina R. Kesty, MD, MBA; John G. Albertini, MD

1. Wake Forest University School of Medicine, Winston-Salem, NC
2. Skin Surgery Center, Winston-Salem, NC

4:15 – 5:15 pm

Cost vs. Value in Treating Skin Cancer

International Ballroom/Level 2

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:
1) Quantify the burden of skin cancer in the United States;
2) Quantify current spending stratified by cancer type and treatment modality;
3) Contrast the cost vs. value of skin cancer treatment modalities.

Moderators: Emily S. Ruiz, MD, MPH; Chrysalyne D. Schmults, MD, MSCE, FACMS

Speakers:

Burden of Skin Cancer in United States
Marta J. VanBeek, MD, FACMS

Skin Cancer Resource Allocation
Emily S. Ruiz, MD, MPH

Future Reimbursement of Mohs Surgery
Brett M. Coldiron, MD, FACP, FACMS

Value of Mohs Surgery
John A. Zitelli, MD, FACMS

5:30 – 7:30 pm

Exhibit Hall Grand Opening & Welcome Reception

Stevens Salon D/Lower Level

(CME Not offered)

Don’t miss this chance to relax and unwind with colleagues. Hors d’oeuvres and beverages will be provided for your enjoyment.
Scientific Program – Friday, May 4

7:00 – 8:15 am

Concurrent Morning Mini-Sessions

202.1 Reconstruction of the Columella and Soft Triangle
Stevens Salon A-1/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Utilize single-stage reconstructions to repair operative wounds of the nasal supratip;
2) Tailor your paramedian forehead flaps and cheek to nose flaps to repair the thin, delicate areas of the distal nose and soft triangle;
3) Learn to use cartilage judiciously when reconstructing the soft triangle and columella.
Glenn D. Goldman, MD, FACMS

202.2 IHC during Mohs
Stevens Salon A-2/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Discuss the advantages, indications, and expanding role of immunohistochemical stains in Mohs micrographic surgery for melanoma and non-melanoma skin cancer;
2) Select proper clinical and histologic scenarios where special stains may assist in tumor diagnosis and extirpation and identify where potential pitfalls in their use may occur;
3) Identify the key laboratory components and staffing personnel that are essential for developing an in-house immunostain lab.
Thuzar M. Shin, MD, PhD; Summer R. Youker, MD, FACMS

202.3 Evidence-Based Patient Safety in Dermatologic Surgery
Stevens Salon A-3/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Cite the indications for preoperative antibiotics in dermatologic surgery;
2) Describe measures to prevent wrong site surgery, and to protect physicians and patients from exposure to surgical smoke;
3) Recall the literature regarding perioperative anticoagulant use, and clean versus sterile technique in dermatologic surgery, pain management and the safe use of electrosurgery with implantable devices.
Jesse M. Lewin, MD; Joshua Trufant, MD

202.4 Perioperative Considerations for Mohs Surgery: Innovations in Care Delivery
Stevens Salon A-4/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Describe useful technology or telehealth strategies for Mohs surgery and how it impacts the patient experience;
2) Identify advances in patient-centered surgical care and learn how to measure patient values, preferences, and outcomes;
3) Compare recently developed or trending methods for skin closure and wound care, including topical adhesives and skin closure systems.
Hillary Johnson-Jahangir, MD, PhD, FACMS; Rajiv I. Nijhawan, MD; Anthony Rossi, MD, FACMS

202.5 Management of Extensive Field Disease
Stevens Salon A-5/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Identify patients with field disease at high-risk for multiple skin cancers;
2) Select appropriate topical, systemic, or photodynamic therapy for patients with field disease;
3) Describe optimal use of destructive, excisional, and Mohs surgery in patients with multiple skin cancers.
Sean R. Christensen, MD, PhD, FACMS; Andrea Willey, MD, FACMS

8:30 – 9:30 am

Scientific Abstract Session
International Ballroom/Level 2
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to identify new research developments in Mohs surgery and oncology.
Moderators: Naomi Lawrence, MD, FACMS; Teresa Soriano, MD, FACMS

8:30 – 8:37 am

Appropriate Use of Mohs Surgery in Immunocompromised Patients is High and Published Indications for Mohs Decrease Inappropriate Use
Thuzar M. Shin, MD, PhD1; Victoria O’Malley1; Scott Tuttle1; Nicole Howe, MD1; Jeremy R. Etzkorn, MD1; Joseph F. Sobanko, MD1; David Margolis, MD, PhD1; Christopher J. Miller, MD1
1. Hospital of the University of Pennsylvania, Philadelphia, PA
8:38 – 8:45 am
Benefit of Mohs Micrographic Surgery Over Wide Local Excision for Melanoma of the Head and Neck: A Rational Approach to Treatment
Addison M. Demer, MD1; Karl K. Vance, MD1,2; Nikoo Cheraghi, MD1; Hilary C. Reich, MD1,3; Peter K. Lee, MD, PhD1,4
1. University of Minnesota, Minneapolis, MN
2. Zel Skin & Laser Specialists, Edina, MN
3. Essentia Health, Duluth, MN
4. Park Nicollet, Saint Louis Park, MN

8:46 – 8:53 am
Reflectance Confocal Microscopy of Equivocal Lesions: To Remove or Not to Remove
Ann M. John, MD1; Attiya Haroon, MD, PhD1; Babar K. Rao, MD1,2
1. Rutgers Robert Wood Johnson Medical School, Somerset, NJ
2. Weill Cornell Medical College, New York, NY

8:54 – 9:01 am
Topical Application of the HH Inhibitor Patidegib Reduces Facial BCC Burden in Patients with Gorlin Syndrome
Catherine Harwood, MA, PhD1; John Lear, MD2; Ervin Epstein, Jr., MD3; Jean Y. Tang, MD, PhD4
1. Queen Mary University of London, London, United Kingdom
2. Manchester Academic Health Science Centre and Salford Royal NHS Foundation Trust, Salford, United Kingdom
3. PeelePharm, Inc, Orinda, CA
4. Stanford University School of Medicine, Redwood City, CA

9:02 – 9:09 am
A Gene Expression Profile Signature for Prediction of Recurrence Risk in Patients with Cutaneous Squamous Cell Carcinoma
Sarah T. Arron, MD, PhD1; Nathan Cleaver, DO2; Ian A. Maher, MD3; Sherrif Ibrahim, MD, PhD3; David Panther, MD2; David G. Brodland, MD2; Kyle Covington, PhD2; Chrysalyné D. Schmults, MD, MSCE2; Jason Newman, MD2; Ashley Wysong, MD, MS3
1. UCSF, San Francisco, CA
2. Cleaver Dermatology, Kirksville, MO
3. St. Louis University, St. Louis, MO
4. University of Rochester, Rochester, NY
5. Zitecki & Brodland, P.C., Pittsburgh, PA
6. Castle Biosciences, Inc.; Friendswood, TX
7. Brigham and Women’s Hospital, Jamaica Plain, MA
8. University of Pennsylvania, Philadelphia, PA
9. USC, Los Angeles, CA

9:10 – 9:17 am
Melanomas of the Head and Neck Have High Risk Features for Local Recurrence and Require Tissue Rearranging Reconstruction More Commonly than BCC and SCC: A Comparison of Indications for MMS in 13,664 Tumors
William C. Fix1; Jeremy R. Etzkorn, MD1; Joseph F. Sobanko, MD1; Thuzar M. Shin, MD1; Nicole M. Howe1; Mehul Bhatt, MBA1; Christopher J. Miller, MD1
1. University of Pennsylvania, Philadelphia, PA

9:18 – 9:25 am
Development of an Expert Consensus Guideline for Skin Cancer Screening in Solid Organ Transplant Recipients in the United States
Lauren D. Crow, MD, MPH1,2; Sarah T. Arron, MD, PhD1; Christina Chung, MD2; Anokhi Jambusaria-Pahlajani, MD3; Stefan Lowenstein, BS1
1. UCSF, San Francisco, CA
2. University of Arizona, Phoenix, AZ
3. Drexel Medicine, Philadelphia, PA
4. Baylor, Scott & White, Round Rock, TX

9:30 – 10:15 am
Public Health and Dermatology – Preventing Skin Cancer
International Ballroom/Level 2
(0.75 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Name the core public health functions as they apply to skin cancer;
2) Describe the components of the public health model;
3) Identify the main public health successes as they apply to skin cancer prevention.

Keynote Speaker: Boris D. Lushniak, MD, MPH

10:00 am – 6:30 pm
Exhibit Hall Open
Stevens Salon D/Lower Level
Scientific Program – Friday, May 4

10:15 – 11:00 am

How Would You Reconstruct It?
International Ballroom/Level 2
(0.75 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Evaluate the anatomy and repair options for Mohs defects of the lip, nose, eyelid, and ear;
2) Analyze the advantages and disadvantages of different repair options for defects of the lip, nose, eyelid, and ear;
3) Choose and describe the most appropriate surgical repair option for various defects of the lip, nose, eyelid, and ear.
Moderators: Jeremy S. Bordeaux, MD, MPH, FACMS; Hayes B. Gladstone, MD, FACMS
Speakers:

Auricular Defect
Ian A. Maher, MD, FACMS

Perioral Defect
Katharine L. Ball, MD, FACMS

Nasal Defect
John A. Carucci, MD, PhD, FACMS

Periocular Defect
Irén Kossintseva, MD

11:00 – 11:15 am

Break in the Exhibit Hall
Stevens Salon D/Lower Level
(CME Not offered)

11:15 am – 12:00 pm

Tumor Board
International Ballroom/Level 2
(0.75 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Describe complex tumor presentations;
2) Apply appropriate workup methods for evaluation;
3) Select and implement appropriate evidence-based treatment.
Moderators: Sarah T. Arron, MD, PhD, FACMS; Marc D. Brown, MD, FACMS
Panelist: David J. Leffell, MD, FACMS
Guest Panelists: Shlomo Koyfman, MD; Anna Pavlick, BSN, MSc, DO, MBA

12:15 – 2:00 pm

ACMS Annual Business Meeting & Lunch
International Ballroom/Level 2 for ACMS members only
Stevens Salon D/Lower Level for non-Members
(Non-CME session)
ACMS members are encouraged to attend the annual membership Business Meeting and lunch. This important meeting brings members up to date on issues of significance. The winners of the prestigious Frederic E. Mohs Award and Distinguished Service Award will be recognized.

2:00 – 2:15 pm

Break in the Exhibit Hall
Stevens Salon D/Lower Level
(CME Not offered)
### Scientific Program – Friday, May 4

**2:15 – 3:00 pm**

**Case-Based Anatomy**  
*International Ballroom/Level 2*  
*(0.75 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Review anatomy in areas frequented by Mohs surgeons;  
2) Identify relevant anatomic structures important to form and function;  
3) Apply anatomic knowledge to optimize surgical planning and implementation.  
*Moderator: Mark A. Russell, MD, FACMS*  
*Guest Speaker: Nirusha Lachman, PhD*

### 3:00 – 4:00 pm

**Video Session: Refining your Reconstructive Approach**  
♦  
*(1.00 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Identify specific dissection planes, perforator vessels, and facial muscles that enhance flap viability;  
2) Design and implement flap reconstructions that preserve facial contours and minimize scars and free margin displacement;  
3) Avoid and address complications that may be unique to these flap reconstructions.  
*Moderator: Joseph F. Sobanko, MD, FACMS*  
*Speakers:*  
- Finessing nasal and auricular flaps  
  *Desiree Ratner, MD, FACMS*  
- Harnessing the frontalis muscle for forehead defects  
  *Walayat Hussain, MD, FACMS*  
- Harnessing the nasalis muscle for nasal defects  
  *Todd E. Holmes, MD, FACMS*  
- Finessing flaps for the periorcular and perioral regions  
  *Ashley Wysong, MD, MS*  
- Tunneled cheek flaps for apical triangle preservation  
  *Christopher J. Miller, MD, FACMS*

**4:00 – 4:45 pm**

**EHR: Managing the Many Images & Navigating Electronic Documenting**  
*International Ballroom/Level 2*  
*(0.75 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Assess approaches to managing images from multiple electronic technologies;  
2) Identify electronic documenting requirements within MIPS or advanced APM programs;  
3) Better apply one’s information technology (IT) to facilitate patient care and reduce burnout.  
*Moderator: Erin S. Gardner, MD, FACMS*

### 4:45 – 5:30 pm

**Transplant Oncology Update**  
*International Ballroom/Level 2*  
*(0.75 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Describe pre- and post-operative management of aggressive skin cancer including the management of BAPoma lesions and SCC in immunosuppressed patients;  
2) Explain the use of adjuvant systemic therapies in the immunosuppressed patient;  
3) Review scientific contribution to our understanding of best management of melanoma in organ transplant patients.  
*Moderators: Matthew C. Fox, MD, FACMS; Fiona O. Zwald, MD, MRCPI, FACMS*  
*Speakers: Justin J. Leitenberger, MD, FACMS; Ashley Wysong, MD, MS*

### 5:45 – 6:45 pm

**Program Directors’ Session**  
*Steven Salon A-5/Lower Level*  
*(Non-CME session)*

### 6:45 – 8:00 pm

**Fellows-in-Training Reception**  
*(CME Not offered)*
Scientific Program – Saturday, May 5

7:00 – 8:15 am

Concurrent Morning Mini-Sessions

302.1 Managing Merkel Cell, EMPD, Sebaceous Carcinoma and Less Common NMSC ♦
Stevens Salon A-1/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Review evaluation, work-up and treatment options of uncommon skin tumors;
2) Discuss management of advanced tumors;
3) Discuss a multidisciplinary approach to managing rare skin cancers.
Allison M. Hanlon, MD, PhD, FACMS; Eva A. Hurst, MD, FACMS; Siegrid S. Yu, MD, FACMS; Nathalie C. Zeitouni, MD, FACMS

302.2 Managing Tension in the Periocular Region during Reconstruction ♦
Stevens Salon A-2/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Describe and assess the tensional forces around the eye;
2) Design flaps and use suspension sutures to optimize tension;
3) Correct ectropion and webbing.
Andrea Willey, MD, FACMS

302.3 Cheek Reconstruction Tips
Stevens Salon A-3/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Refine techniques for linear closure on the cheek;
2) Select appropriate flaps and design for cheek defects to avoid pull on free margins;
3) Describe facial anatomy relevant to cheek reconstruction and incorporate pears from face lifting into cheek repairs.
Anna A. Bar, MD, FACMS; Cameron Chesnut, MD; Justin J. Leitenberger, MD, FACMS

302.4 Approach to Managing Wounds of the Scalp, Neck, Hands, Legs and Feet
Stevens Salon A-4/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Describe multiple approaches to the management of surgical wounds on the head, neck and extremities;
2) Select an appropriate management option for a particular wound to maximize functional and aesthetic outcomes;
3) Plan and execute repairs with techniques that increase the chances of success.
S. Tyler Hollmig, MD; Jesse M. Lewin, MD; Joshua Trufant, MD

302.5 Scar Revision
Stevens Salon A-5/Lower Level
(1.25 Credit Hours)
At the conclusion of this session, participants should be able to:
1) Assess the most common types of scar abnormalities after dermatologic surgery;
2) Identify the available modalities to improve surgical scars;
3) Implement scar revision techniques for common post-operative complications.
Mariah R. Brown, MD, FACMS; David R. Carr, MD, FACMS

8:30 – 9:30 am

Optimizing Results in Nail Surgery ♦
International Ballroom/Level 2
(1.00 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Apply pearls for performing nail surgery that will enhance the surgical experience for the patient and physician;
2) Select appropriate surgical technique for evaluating melanonychia and erythronychia;
3) Apply principles of Mohs surgery for management of various tumors of the nail unit.
Moderators: Elizabeth M. Billingsley, MD, FACMS; Nathaniel J. Jellinek, MD, FACMS
Speakers: Brienne Cressey, MD; Thomas J. Knackstedt, MD; Thuzar M. Shin, MD, PhD

9:30 am – 4:00 pm

Exhibit Hall Open
Stevens Salon D/Lower Level

9:30 – 10:15 am

Multidisciplinary Care of Complex Tumors ♦
International Ballroom/Level 2
(0.75 Credit Hour)
At the conclusion of this session, participants should be able to:
1) Determine when high risk tumors are best managed with multidisciplinary care;
2) Identify and describe risk factors for metastasis and treatment modalities to improve patient outcomes;
3) Recall the challenges of assessing and managing regional and distant disease in patient with complex and high risk skin cancer.
Moderator: Murad Alam, MD, MSCI, MBA, FACMS
Guest Speakers: John Y. Kim, MD; Bharat B. Mittal, MD, FACR, FASTRO; Sandeep Samant, MD

10:15 – 10:30 am

Break in the Exhibit Hall
Stevens Salon D/Lower Level
(CME Not offered)
### Scientific Program – Saturday, May 5

**10:30 – 11:15 am**

**Case-Based Coding**  
*International Ballroom/Level 2*  
*(0.75 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Accurately bill for multiple sites and multiple procedures on the same day;  
2) Document effectively to persevere when audited;  
3) Identify changes to CPT for 2018.  
*Moderator: Glenn D. Goldman, MD, FACMS*  
*Speaker: John G. Albertini, MD, FACMS*

**11:15 am – 12:00 pm**

**Mohs, MIPS & MACRA: Let’s Drive this Train and Own Our Future**  
*International Ballroom/Level 2*  
*(0.75 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Determine how MACRA affects the average Mohs surgery practice;  
2) Identify opportunities for ACMS to be the leader in identifying quality benchmarks;  
3) Delineate how a Mohs surgery practice can position itself for the next iteration of healthcare.  
*Moderator: Marta J. VanBeek, MD, FACMS*

**12:00 – 1:00 pm**

**Lunch in the Exhibit Hall**  
*Stevens Salon D/Lower Level; seating in Stevens Salon C*  
*(CME Not offered)*

**1:00 – 2:00 pm**

**Video Session: Reconstructive Options for Mohs Surgeons**  
*International Ballroom/Level 2*  
*(1.00 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Define tactical approaches to reconstructing facial defects with a variety of closure techniques;  
2) Develop an approach enabling favorable reconstructive solutions to complex defects with high functional and aesthetic relevance;  
3) Develop the ability to execute multiple reconstructive options for specific defects resulting from skin cancer removal.  
*Moderators: Andrew J. Kaufman, MD, FACP, FACMS; Thomas E. Rohrer, MD, FACMS*  
*Speakers: David G. Brodland, MD, FACMS; Laurin Council, MD, FACMS; Tri H. Nguyen, MD, FACMS; Steven M. Rotter, MD, FACMS; Chrysalyne D. Schmults, MD, MSCE, FACMS; Joseph F. Sobanko, MD, FACMS; John A. Zitelli, MD, FACMS*

**2:00 – 3:00 pm**

**Reconstruction Conundrums: Simple vs. Complex ♦**  
*International Ballroom/Level 2*  
*(1.00 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) Select appropriate closures for common Mohs defects in cosmetically sensitive locations;  
2) Describe pros and cons of using simple techniques vs. complex flaps for reconstruction;  
3) Recall the need to tailor each repair not only to the defect, but also to each individual patient’s needs and expectations.  
*Moderators: Anna A. Bar, MD, FACMS; Desiree Ratner, MD, FACMS*  
*Speakers:*

1. **Nose:**  
   - Heidi B. Donnelly, MD, FACMS (Simple)  
   - Paul J. M. Salmon, MD, FACMS (Complex)

2. **Ear:**  
   - Marc D. Brown, MD, FACMS (Simple)  
   - Ian A. Maher, MD, FACMS (Complex)

3. **Chin:**  
   - Glenn D. Goldman, MD, FACMS (Simple)  
   - David G. Brodland, MD, FAAD, FACMS (Complex)

**3:00 – 3:15 pm**

**Break in the Exhibit Hall**  
*Stevens Salon D/Lower Level*  
*(CME Not offered)*

**3:15 – 4:15 pm**

**Establishing the ACMS Registry**  
*International Ballroom/Level 2*  
*(1.00 Credit Hour)*  
At the conclusion of this session, participants should be able to:  
1) State the goals of the ACMS Registry;  
2) Describe the role of subspecialty level data in the formation of Performance and Quality Measures;  
3) Enumerate the importance of subspecialty data and Performance Measures in preparation for Value Based Payment and Alternative Payment Models.  
*Moderators: Ian A. Maher, MD, FACMS; Howard W. Rogers, MD, PhD, FACMS*  
*Speakers:*

1. **Registry Basics: What, Why, and How?**  
   - Ian A. Maher, MD, FACMS

2. **Understanding Payment and Data**  
   - Howard W. Rogers, MD, PhD, FACMS

3. **Registry and EHRs: Making Data Collection Work for the Provider**  
   - Spencer Heaton, MD, MBA
Rapid Pearl Abstract Session

*International Ballroom/Level 2 (0.75 Credit Hour)*

At the conclusion of this session, participants should be able to recall anecdotal pearls in Mohs surgery technique, frozen section pathology, reconstructive surgery, and practice management.

*Moderators:* Jesse M. Lewin, MD; Faramarz H. Samie, MD, PhD, FACMS

**4:15 – 4:17 pm**

Differentiating Epidermodysplasia Verruciformis-Like Features from Pagetoid Squamous Cell Carcinoma in situ on Mohs Micrographic Surgery Slide Sections

Mary-Katharine Collins, MD; Melissa Pugliano-Mauro, MD
1. University of Pittsburgh Medical Center, Pittsburgh, PA

**4:18 – 4:20 pm**

Partially De-Epithelialized Nasolabial Hinge Flap for Repair of Nasal Lining

Rajiv I. Nijhawan, MD
1. University of Texas Southwestern Medical Center

**4:21 – 4:23 pm**

The Granny Knot: Technique for Single-Person Closure of High-Tension Defects

Whitney L. Pollard, DO; Cory V. Trickett, DO
1. San Antonio Uniformed Services Health Education Consortium, JBSA-Lackland, TX

**4:24 – 4:26 pm**

Swoosh Modification to Cheek Advancement Flaps for Upper Lip Reconstruction

Ivy I. Norris; Todd E. Holmes, MD
1. University of Vermont Medical Center, Burlington, VT

**4:27 – 4:29 pm**

Pain Indicators in Mohs Surgery with Minimal-Needle Insertion Technique

Young J. Kwak, MD; David Wright, MD; Leonard H. Goldberg, MD
1. DermSurgery Associates, Houston, TX
2. Houston Methodist Hospital, Houston, TX

**4:30 – 4:32 pm**

Incidental Merkel Cell Carcinoma Encountered During Mohs Surgery

Mariam Mafee, MD; Daniel Bennett; Andrew Swanson
1. University of Wisconsin-Madison, Madison, WI

**4:33 – 4:35 pm**

High-Definition, Cost-Effective, and Point of View Video Recording for Dermatologic Surgery

Matthew LeBoeuf, PhD; Ankit Gor; David Chen, MD
1. University of Vermont Medical Center, Burlington, VT

**4:36 – 4:38 pm**

Pitfalls in Frozen Section Pathology

Florence Anelli; Maral K. Skelsey, MD
1. Aurora Diagnostics, Sterling, VA
2. Georgetown University, Washington, DC

**4:39 – 4:41 pm**

The RAST Flap

Natalia M.K. Spierings, BSc, MBBS, MRCP(UK), MBA; Walayat Hussain, MD, MRCP(UK)
1. Leeds Teaching Hospitals NHS Trust, Leeds, United Kingdom

**4:42 – 4:44 pm**

Internal Control for Extramammary Paget Disease

Alison M. Spiker, MD; Victor J. Marks, MD
1. Geisinger Medical Center, Danville, PA

**4:45 – 4:47 pm**

Management of Perimeatal Surgical Defect Following Mohs Micrographic Surgery on the Penis: A Novel Bandaging Technique

Alexander W. Kennon, MD; Lancing Patterson, MD; Steven M. Kent, MD; David E. Kent, MD
1. Dermatologic Surgical Specialist PC, Macon, GA
2. Southeastern Urology Associates, Macon, GA
3. Mercer University School of Medicine, Macon, GA

**4:48 – 4:50 pm**

Vermilion Advancement Flap

Ally-Khan Somani, MD, PhD
1. Indiana University School of Medicine, Indianapolis, IN

**4:51 – 4:53 pm**

Simple and Effective Treatment of Reactive Post-Surgical Koebnerizing Keratoacanthomas

Molly C. Powers, MD; David G. Brodland, MD
1. Zitelli and Brodland Skin Cancer Center, Clairton, PA
2. University of Pittsburgh, Pittsburgh, PA
Scientific Program – Saturday, May 5

4:54 – 4:56 pm
Improving Smartphone Use in Medical Photography
James T. Highsmith, MD, MS1,2; Michael J. Highsmith, PhD2,3; David Weinstein, MD4
1. Dermatology Surgery Institute, Lutz, FL
2. Department of Veterans Affairs, Tampa, FL
3. University of South Florida, Tampa, FL
4. University of Central Florida College of Medicine, Orlando, FL

4:57 – 4:59 pm
Large Lateral Canthal Defect Requiring Repair with a Combination of Cutaneous Flaps
Laura A. Nestor1; Michael Lavery1; Rupert B. Barry, MB, BCh, BAO1
1. St. James’ Hospital, Dublin, Ireland

6:00 – 10:00 pm
50th Anniversary Reception
Offsite at the Palmer House Hilton (transportation provided)
(CME Not offered) See page 15 for details.
Scientific Program – Sunday, May 6

7:30 – 8:30 am

Digital Diagnostic Quality Control Exam Review
*International Ballroom/Level 2*
*(1.00 Credit Hour)*

At the conclusion of this session, participants should be able to:
1) Recognize the false positives and false negatives in Mohs histopathology sections;
2) Improve dermatopathology skills to help distinguish benign findings from malignant processes;
3) Recognize errors in frozen-section tissue processing.

*Moderator: Sumaira Z. Aasi, MD, FACMS*

*Speakers: Bryan T. Carroll, MD, PhD, FACMS; S. Tyler Hollmig, MD; Vitaly Terushkin, MD; Valencia D. Thomas, MD, FACMS; Yaohui G. Xu, MD, PhD, FACMS*

8:30 – 8:45 am

Fellow-in-Training Clinicopathologic Case Competition Award Winner
*International Ballroom/Level 2*
*(0.25 Credit Hour)*

At the conclusion of this session, participants should be able to recall an uncommon or rare pathology or that illustrate prototypical diagnostic challenges and keys to diagnosis or tumor detection.

*Moderator: Allison T. Vidimos, MD, RPh, FACMS*

*2018 Winner: Christine M. Shaver, MD*

8:45 – 9:45 am

Melanoma Update
*International Ballroom/Level 2*
*(1.00 Credit Hour)*

At the conclusion of this session, participants should be able to:
1) Contrast the new 8th edition American Joint Committee on Cancer (AJCC) staging for melanoma with the previous staging system;
2) Describe the current management of patients with stage III melanoma, based on results of the Multicenter Selective Lymphadenectomy Trial (MSLT) II and recent advances in adjuvant therapy.

*Moderators: Christopher K. Bichakjian, MD, FACMS; Kishwer S. Nehal, MD, FACMS*

*Speakers:*

- Clinical Implications of New 8th edition AJCC Staging for Melanoma
  *Kishwer S. Nehal, MD, FACMS*

- Current Management of Patients with Stage III Melanoma
  *Christopher K. Bichakjian, MD, FACMS*

9:45 – 10:45 am

Practical Pre- and Post-Op Considerations for Mohs Surgery
*International Ballroom/Level 2*
*(1.00 Credit Hour)*

At the conclusion of this session, participants should be able to:
1) Describe strategies to manage pain and anxiety related to Mohs surgery in the opioid epidemic era;
2) Learn to analyze prescribing patterns and optimize prescription medication use before and after Mohs surgery;
3) Define patient population segmentation and considerations for the advanced elderly.

*Moderator: Hillary Johnson-Jahangir, MD, PhD, FACMS*

*Speakers:*

- Treating pain and anxiety in the era of the opioid crisis
  *Bryan T. Carroll, MD, PhD, FACMS*

- Plan B: When Mohs surgery is not the best option
  *Marta J. VanBeek, MD, FACMS*

- Current concepts in skin of color patients
  *Nahid Y. Vidal, MD*

- Pregnancy and lactation update
  *Divya Srivastava, MD, FACMS*

- Peri-operative concerns in older patients
  *Ramona Behshad, MD*

10:45 – 11:00 am

Break *(CME Not offered)*

11:00 am – 12:00 pm

MOC Self-Assessment: Skin Cancer
*International Ballroom/Level 2*
*(Non-CME session)*

At the conclusion of this session, participants should be able to:
1) Define the appropriate work-up and management for patients with certain types or risk factors for skin cancer;
2) Identify appropriate surgical and pharmacologic management options for patients with skin cancer as well as mechanisms of action and side effects of the pharmacologic agents;
3) Recognize the necessary components for self-assessment submission in the Maintenance of Certification program through the American Board of Dermatology.

*Moderator: Deborah F. MacFarlane, MD, MPH, FACMS*

*Speakers:*

- Clinical Implications of New 8th edition AJCC Staging for Melanoma
  *Travis W. Blalock, MD, FACMS; Charlene Lam, MD, MPH; Ashley Wysong, MD, MS; Siegrid S. Yu, MD, FACMS*

12:00 pm

Meeting adjourns

Complete Margin Assessment Techniques Versus Surgical Excision for the Treatment and Reconstruction of Non-Melanoma Skin Cancers: A Systematic Review and Pooled Analysis

Sophia Fraga1; Robert Besaw, MPH2; Chrysalyne D. Schmults, MD, MSCE1; Abigail Waldman, MD, MHS2,3
1. UPenn, Philadelphia, PA
2. Brigham and Women’s Hospital, Boston, MA
3. Boston VA Hospital, Boston, MA

50
AIMS (Anxiolytics in Mohs Surgery) in Patient Satisfaction: a Randomized, Double Blinded, Placebo Controlled Trial

Danny Guo, MD, MSc1; David M. Zloty, MD1; Irén Kossinteive, MD1
1. University of British Columbia, Vancouver, BC, Canada
Poster Presentation List

51  Outcomes of Melanoma in situ and Invasive Melanoma Treated With Mohs Micrographic Surgery with and Without MART-1 Immunostain
Michael Heath, BS1; Anna A. Bar, MD1; Megan Woody, MD, MPH1; Justin J. Leitenberger, MD1
1. Oregon Health and Science University, Portland, OR

52  Mohs in the ‘Twilight Zone’
Natalia M.K. Spierings, MB, ChB, MRCP (UK), MBA1; Shelagh Turvill, FRCA1; Walayat Hussain, MRCP (UK)1
1. Leeds Teaching Hospitals NHS Trust, Leeds, United Kingdom

53  Preoperative Factors Predicting Greater Subclinical Extension of Nonmelanoma Skin Cancers of the Scalp
Kelly M. MacArthur, MD1; Brian C. Baumann, MD2; George J. Hruza, MD, MBA3; Robert G. Egbers, MD, MS1
1. Johns Hopkins University, Baltimore, MD
2. Washington University, St. Louis, MO
3. Laser and Dermatologic Surgery Center, St. Louis, MO

54  Treatment Stratification for Mohs Micrographic Surgery Referrals at Veterans Health Administration Dermatology Clinic: A Single Center Experience
Maxim Polansky, MD1; Suephy Chen, MD1; Travis W. Blalock, MD1
1. Emory University School of Medicine, Atlanta, GA

55  Use of Chlorhexidine as a Pre-Surgical Antiseptic Among ACMS Members
Iona Chapman1; Carlton B. Phillips1; Conway C. Huang, MD1
1. University of Alabama, Birmingham, AL

56  Review of Mohs Surgery for Vulvar Neoplasms
Alison M. Spiker, MD1; Andrew Hankinson, MD1; Mary G. Petrick, MD1; Michael L. Ramsey, MD1; Victor J. Marks, MD1
1. Geisinger Medical Center, Danville, PA

57  Paper Medical Record: Revisited as an Alternative to Electronic Medical Record
Holly Sprow, BA1; Carl F. Schanbacher, MD2
1. Kuchnir Dermatology and Dermatologic Surgery, Milford, MA
2. Tufts Medical School, Boston, MA
Thank You to Our Sponsors

The American College of Mohs Surgery gratefully acknowledges the following companies for their contributions and support to help underwrite the educational goals of the ACMS Annual Meeting.

- **ETHICON**
- **GEORGE LIEBANN & CO.**
- **MOHS TEK**
- **TECH ONE BIOMEDICAL LLC**
- **SKIN CANCER FOUNDATION**
Exhibitor Listing

(As of April 12, 2018)
Attendees are encouraged to visit the technical exhibits during the ACMS Annual Meeting. A variety of companies of interest to Mohs and dermatologic surgeons will be displaying their products, equipment, and services. Please be sure to visit the exhibit hall to learn about their quality offerings. A complete list of exhibitors and a locator map are included here and in the Annual Meeting mobile app.

Exhibit Hall Hours
Thursday, May 3: 9:30 am – 7:30 pm
Friday, May 4: 10:00 am – 6:30 pm
Saturday, May 5: 9:30 am – 4:00 pm

<td>The MohsAIQ registry (pronounced “mosaic,” which stands for Mohs Surgery Advancing &amp; Improving Quality), powered by ArborMetrix, will help the ACMS and its members demonstrate the value of Mohs surgery as patient-centered, timely, and highly effective. MohsAIQ will provide meaningful data about patients and performance in order to improve outcomes and maximize results under new payment models. ArborMetrix was founded by internationally-recognized surgeons and uses a technology platform purpose-built to support medical specialty society registries. We are proud to be the vendor of record for the ACMS registry, which will leverage our flexible technology infrastructure, advanced analytics, and interactive dashboards to support quality improvement initiatives and clinical research leading to the identification of best practices.</td>

Bio SB performs R&D, production, distribution and marketing of unique products for immunohistochemistry, Fluorescent in situ hybridization (FISH), Chromogenic in situ hybridization (CISH) and Polymerase Chain Reaction (PCR) technologies that meet the highest international standards for applications in molecular pathology, cancer research, microbiology, immunology and genetics.

Bradley Products is the manufacturer of The Davidson Marking System, the first tissue marking system specifically developed for orienting specimens. Economical, efficient, visible, reliable and safe, Davidson Marking System marking dyes have been used since 1984 and are CE marked for Europe. DMS dyes are appropriate for fresh or frozen tissue.

Please stop by Brymill Cryogenic Systems, the world leader in hand-held liquid nitrogen equipment since 1966. See why Brymill Cryogenic Systems sets the industry gold standard! Brymill is the first choice of U.S. dermatologists (85%) in a recent survey. See our newest CRY-AC (R) family member, the CRY-BABY(R)! Special pricing and giveaways!

Please request your free sample bottle of UltraFreeze OCT Compound and CDI’s Tissue Dyes at our booth. Founded in 1998, Cancer Diagnostics, Inc. (CDI) developed the first commercially available 7-dye color kit for marking tissue margins, CDI’s Tissue Marking Dyes, and today offers one of the industry’s largest anatomical pathology/Mohs portfolios of products to more than 3,500 customers. Explore our newest catalog and find out what makes CDI the fastest-growing supplier to the worldwide anatomical pathology and Mohs market.

Cynova Laboratories was founded by professionals with a long history in the pharmaceutical industry and currently offers two products in the cosmetic and dermatology market: Serica Moisturizing Scar Formula and Serica Moisturizing Stretch Mark Formula. Cynova Laboratories is a wholly-owned subsidiary of PCCA.

www.surgicalspecialties.com |
<p>| Quill™ Knotless Tissue-Closure Device allows Mohs surgeons to eliminate tying suture knots in wounds, including high-tension areas. Through its unique barbed design, it can approximate tissue and evenly distribute tension along the incision. The Quill device has also demonstrated time and cost savings when compared to traditional suture. |</p>
