Update Your Member Profile

The Surgeon Finder tool available on the ACMS member and patient-centered websites allows members, potential patients and others seeking information on skin cancer treatment to search for an ACMS member in a specified area. Search by city and state OR by ZIP Code. Don’t forget to complete your profile as fully as possible, as potential patients may look for—and make decisions based on—the credentials and experience displayed in your profile.

Keep your member profile information updated to ensure you’ll be found in Surgeon Finder or Membership Directory searches. It’s quick and easy to make updates online:
2. Log in using your member username and password. Once logged in, you’ll see the following screen, where you can add, edit or remove your address and contact information, including your website address:

If you need assistance, please contact the ACMS office at (414) 347-1103 or info@mohscollege.org.
